Council File No: 11-1705

Comments for Public Posting: I am a Los Angeles resident (Century City) and I write to urge you to embrace the moderate compromise solution of allowing digital signs in Sign Districts only, as advocated by Ban Billboard Blight. I also urge you to reject the options that allow digital signs outside sign districts. Digital signs are really annoying and distracting. Don't allow them outside very small sign districts, if at all. Kevin Hall 2170 Century Park East Los Angeles, CA
