To the clerk:

There's an error in the PLUM agenda for tomorrow, Tuesday 5/28. It's unclear what position the NCs have taken.

All of the NCs that filed CISs FOR or For If Amended were speaking in favor of the City Planning Commission's version of the legislation, Version B Plus, dated Oct. 2015.

All of the NCs that filed AGAINST or Against unless amended were speaking against the PLUM version, dated Dec. 2017.

Therefore, all NCs that filed were in favor of B Plus; none favored the PLUM version.

I hope that someone from the committee staff can correct this at the meeting before the public testimony. Thanks for your attention.

best regards

Patrick Frank
