I write in support of City Planning Commission's 10/22/2015 actions on the Sign Ordinance, and I am totally opposed to efforts to permit billboards outside sign districts. I totally oppose, especially, efforts to permit digital bill boards outside of sign districts.

Please follow through on what was done by the City Planning Commission, the new Sign Ordinance Version B+, approved 10/22/2015. Why should this be weakened?

Thanks, wish I could attend the May 24 hearing but I cannot,

Karen Leonard
