Dear Honorable PLUM Committee members:

I am writing regarding this afternoon's hearing on CF 11-1705 (sign ordinance), to urge you:

1) to strongly support the City Planning Commission's 10/22/15 recommendations to strengthen the sign ordinance;

AND

2) to **strongly oppose efforts to allow digital billboards outside of sign districts.**

The City currently has a 2002 ban on ALL new billboard signage. Having new billboards in sign districts is already a huge compromise. Allowing digital billboards outside of those sign districts is an outright GIFT to the billboard companies and one that may open the City's billboard regulations to new legal challenges.

Thank you for your attention to this matter.

Very truly yours,

Terry Tegnazian

The Brentwood Community Council:

- 1) strongly support the City Planning Commission's 10/22/15 recommendations to strengthen the sign ordinance
- 2) strongly oppose efforts to allow digital billboards outside of sign districts.

If the Council goes forward with permitting new digital signs outside of sign districts, local neighborhood/community council and council districts need the ability to OPT OUT.

Dear David,

I strongly oppose allowing more signs/billboards to be erected in our City. Specifically, I ask that you & PLUM:

- 1) please strongly support the City Planning Commission's 10/22/15 recommendations to strengthen the sign ordinance
- 2) please strongly oppose efforts to allow digital billboards outside of sign districts.

I also object to the City allowing 'temporary' signs to be posted on construction fences. These signs are ugly and offensive. Please protect our City from these signs also. Help make Los Angeles the beautiful city that it once was! Don't sell us out!

Sincerely,

David Kegaries

Dear PLUM Committee,

I am writing to express my opinion concerning the proposed sign ordinance that keeps getting held back and weakened by PLUM:

I strongly support the City Planning Commission's October 22, 2015, recommendations to strengthen the sign ordinance.

I strongly oppose efforts to allow digital billboards outside of sign districts, on either public or private land. If PLUM buckles and bows to the sign industry Council and permits new digital signs outside of sign districts, please include a provision that allows either or both the local Neighborhood Council and the Council Districts to opt out, and retain the ban on digital signs outside of sign districts.

Please do what your constituents have been requesting, enforce the ban on new off-site signs, and stop pandering to the sign lobbyists.

Thank you for considering my opinion.

To:

Dear Hillside Federation Friends,

So sorry for the late notice of the Sign Ordinance. Can you send a quick email **this morning**? See Barbara Broide's suggestion below. If you can attend the meeting, please do so.

Thank you for your continued support.

Best regards,

Marian Dodge, Chairman

From: Barbara Broide <bbroide@hotmail.com>**Subject:** ACTION ALERT-Sign Ordinance – CF 11-1705 in PLUM TODAY!**Date:** August 23, 2016 at 8:18:50 AM PDT**To:** Barbara Broide <bbroide@hotmail.com>

Sorry for the late notice. No surprise that the community has little advance notice on sign ordinance hearings beyond that which is legally required. However, the Clear Channel cheerleaders will likely be out in force at the hearing. So, if you can attend, please join us. If you are planning to attend this morning's Council meeting on the Secondary Dwelling Unit/Granny Unit issue, please consider sticking around for PLUM at 2:30 this afternoon--City Hall, 200 N. Spring Street, Roybal Public Works Hearing Room 350.

Whether or not you can attend, **please send off a quick email message to the PLUM Committee now**, copied to your councilmember (and full council) as well as to the mayor that tells them that you:

- 1) strongly support the City Planning Commission's 10/22/15 recommendations to strengthen the sign ordinance
- 2) strongly oppose efforts to allow digital billboards outside of sign districts.

While I do not want to dilute our goal to keep all new billboards in sign districts, the political reality is that this Council is inclined to bend to the strong lobbying of the billboard industry. (Are they afraid to vote against them for fear that the billboard companies might use their signs to oppose the Councilmembers in a future election or to support an opponent?) Therefore, I am going to write with the additional two recommendations:

3) suggest that **if** the Council is compelled to permit new digital signs outside of sign districts that they be placed in **very** limited numbers on PUBLIC land only as public land is the only place where content may be regulated. (They are considering allowing digital signs on public and/or private land.) (In limited numbers the signs will be worth much more in income generated/shared and violent images can be prohibited along with those that damage community health.)

4) insist that **if** the Council goes forth with permitting new digital signs outside of sign districts, that local neighborhood councils and council districts have the ability to **OPT OUT** of any such agreement thus retaining the ban on digital signs outside of sign districts. If the full Council lacks the courage to tell the billboard companies that they do not want their digital signs outside of sign districts, the local communities should have the ability to do so! There will be plenty of opportunities for new digital billboards **in** sign districts which was the compromise that communities made over the many years a sign ordinance has been under consideration.

Remember that the City currently has a 2002 ban on ALL new billboard signage. Having new billboards in sign districts is already a huge compromise. Allowing digital billboards outside of those sign districts is an outright GIFT to the billboard companies and one that may open the City's billboard regulations to new legal challenges.

Write to PLUM Committee: c/o Sharon.Dickinson@lacity.org
with copies to Councilmembers: huizar, Harris-Dawson, ENglander, Cedillo, Fuentes and your own Councilmember along with the Mayor.

Refer to Council File: 11-1705

The email addresses: Sharon.dickinson@lacity.org

Councilmember.harris-dawson@lacity.org, Councilmember.cedillo@lacity.org,
Councilmember.fuentes@lacity.org, Mayor@lacity.org

Despite overwhelming public support for a strong, enforceable sign ordinance, the PLUM Committee has failed to move such an ordinance out of committee to the full Council and continues in its efforts to give the billboard industry the ability to plaster our city with distracting digital displays wherever they want them.

PLUM AGENDA (Item #4):

http://ens.lacity.org/clk/committeegend/clkcommitteeagend26105583_08232016.html

The new staff report recently transmitted to PLUM 8/19 (with inadequate time for NC review) can be found at:

http://clkrep.lacity.org/onlinedocs/2011/11-1705_rpt_PLAN_08-19-2016.pdf

PLEASE NOTE: The agenda item today is listed and relates to the receipt of the new staff report. The staff report provides for ways for digital signs to be placed outside of sign districts. Neighborhood Councils support is listed "for" the item on today's agenda which is very misleading whereas the votes from the Councils were IN SUPPORT OF A STRONG SIGN ORDINANCE. Please clarify to the City what your Council supports so that your actions are not used to undermine a strong ordinance! (Look at the agenda to see how your support is listed.)

Dennis Hathaway has posted a new article on the staff report in advance of today's hearing on the Coalition to Ban Billboard Blight website. You can find it at:

Hi Sharon,

I concur with the below.

Please forward this to the PLUM members and tell them I oppose the industry's efforts to weaken the current proposed ordinance.

These are special interests causing blight in our neighborhoods to try to make more money at our expense.

There is no economic benefit to billboards. Advertisers can spend their money in magazines and on the internet and create just as many jobs.

Houston and Hawaii prohibit billboards, so can we. Commercial speak is NOT protected by the 1st Amendment.

As a resident, active voter and constituent I would like to let you know my position on the sign/billboard issues under consideration.

Along with our HOA (WSSM), I strongly support the City Planning Commission's 10/22/15 recommendations to strengthen the sign ordinance.

Further, I strongly oppose efforts to allow digital billboards outside of sign districts.

Please do what is right for the residents and the community, not for the special interests.

Re: **Sign Ordinance**
CF #11-1705

Honorable Chair Huizar and Councilmembers:

The Federation of Hillside and Canyon Associations, Inc, founded in 1952 and representing 45 resident and homeowner associations with 250,000 constituents spanning the Santa Monica Mountains, has supported meaningful regulation of signs for a decade.

The Federation strongly supports the adoption of the City Planning Commission's October 22, 2015 recommendations to strengthen the sign ordinance.

The Federation also strongly opposes any and all efforts to allow digital billboards outside of sign districts.

Thank you for your thoughtful consideration of our request.

Sincerely,

Charley Mims
