

11-1705

Dear Council President Wesson and Members of the Los Angeles City Council,

I am a new resident of Picfair Village (CD 10) who is **AGAINST Mansionization**. I just moved into the neighborhood and a large part of the appeal to live here was the architecture of the existing homes throughout. Have you walked the blocks of Picfair Village? There are some real beauties!!

The Picfair Village Community Association voted **unanimously in OPPOSITION of Mansionization**.

We now need your support to include Picfair Village on the Interim Control Ordinance No. 183497 IMMEDIATELY.

I understand this is a temporary solution to over building, therefore it is also requested that you adopt Councilmember Koretz's proposed amendments to the Baseline Mansionization Ordinance (BMO) to provide Picfair Village, CD 10 and the city permanent relief.

I depend on your leadership to Protect Picfair Village and the city against further reckless development.

Thanks so much for your consideration.

Cheers!

Brian N. Potter
