Los Angeles needs a common-sense policy for digital signage.

- Digital Billboards provide important public safety messaging to alert our communities in times of crisis.
- Digital Billboards are an important driver our or local economy.
- Digital Billboards are an important advertising source for non-profits and community organizations.

## Councilmember Ed Reves.

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards, Digital Billboards are an important asset to the City of Los Angeles - Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

👌 👓 🍪

Los Angeles needs a common-sense policy for digital signage.

- Digital Billboards provide important public safety messaging to alert our communities in times of crisis.
- Digital Billboards are an important driver our or local economy.
- Digital Billboards are an important advertising source for non-profits and community organizations.

## Councilmember Ed Reyes,

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

## ALUALDIA: RESUELVA EL PRUBLEMA DE LAS CARTELERAS DIGITALES EN L.A.

## Los Ángeles necesita una política de sentido común para la señalización digital.

- Las carteleras digitales proporcionan importantes avisos de seguridad pública para alertar a nuestras comunidades en tiempos de crisis.
- Las carteleras digitales son un motor importante de nuestra economía local.
- Las carteleras digitales son una fuente importante de publicidad para las organizaciones comunitarias.

## Concejal Ed Reyes,

La ciudad de Los Ángeles debe aprovechar los paquetes de beneficios comunitarios, las carteleras tradicionales reducen los programas que permiten las Carteleras Digitales. Las Carteleras Digitales son un activo importante de la ciudad de Los Ángeles - las Carteleras Digitales respaldan nuestras actividades comunitarias y colaboran con el bienestar público. La ciudad de Los Ángeles debe apoyar una solución legislativa integral para preservar las Carteleras Digitales de Los Ángeles y al mismo tiempo proporcionar una vía para futuras Carteleras Digitales que generen beneficios a la comunidad, la remoción de las carteleras tradicionales y evitar litigios costosos.

Al firmar la siguiente petición, estoy indicando mi apoyo a la Alcaldía para actuar en la promoción de una solución para las carteleras digitales en la ciudad de Los Ángeles. También doy mi apoyo a las propuestas tendientes a reducir las carteleras tradicionales, implementar los paquetes de beneficios comunitarios y preservar las Carteleras Digitales existentes en Los Ángeles, si están en armonía con las comunidades y para reubicarlas, de ser necesario, en lugares que no tengan un impacto significativo en las comunidades vecinas.

Los Angeles needs a common-sense policy for digital signage.

- Digital Billboards provide important public safety messaging to alert our communities in times of crisis.
- Digital Billboards are an important driver our or local economy.
- Digital Billboards are an important advertising source for non-profits and community organizations.

### Councilmember Jose Huizar,

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

### ALCALDÍA: RESUELVA EL PROBLEMA DE LAS CARTELERAS DIGITALES EN L.A.

Los Ángeles necesita una política de sentido común para la señalización digital.

- Las carteleras digitales proporcionan importantes avisos de seguridad pública para alertar a nuestras comunidades en tiempos de crisis.
- Las carteleras digitales son un motor importante de nuestra economía local.
- Las carteleras digitales son una fuente importante de publicidad para las organizaciones comunitarias.

#### Concejal Ed Reyes,

La ciudad de Los Ángeles debe aprovechar los paquetes de beneficios comunitarios, las carteleras tradicionales reducen los programas que permiten las Carteleras Digitales. Las Carteleras Digitales son un activo importante de la ciudad de Los Ángeles - las Carteleras Digitales respaldan nuestras actividades comunitarias y colaboran con el bienestar público. La ciudad de Los Ángeles debe apoyar una solución legislativa integral para preservar las Carteleras Digitales de Los Ángeles y al mismo tiempo proporcionar una vía para futuras Carteleras Digitales que generen beneficios a la comunidad, la remoción de las carteleras tradicionales y evitar litigios costosos.

Al firmar la siguiente petición, estoy indicando mi apoyo a la Alcaldía para actuar en la promoción de una solución para las carteleras digitales en la ciudad de Los Ángeles. También doy mi apoyo a las propuestas tendientes a reducir las carteleras tradicionales, implementar los paquetes de beneficios comunitarios y preservar las Carteleras Digitales existentes en Los Ángeles, si están en armonía con las comunidades y para reubicarlas, de ser necesario, en lugares que no tengan un impacto significativo en las comunidades vecinas.

Los Angeles needs a common-sense policy for digital signage.

- Digital Billboards provide important public safety messaging to alert our communities in times of crisis.
- Digital Billboards are an important driver our or local economy.
- Digital Billboards are an important advertising source for non-profits and community organizations.

#### Councilmember Ed Reyes,

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

By signing the petition below I am indicating my support for a the City Council to act to bring about a solution to digital billboards in the City of Los Angeles and I also support proposals that would reduce traditional billboards, implement community benefits packages and preserve Los Angeles' existing Digital Billboards where they are in harmony with communities and to relocate them, when needed, to locations that have no significant impacts to surrounding communities.

### ALUALDIA: REQUELVA EL PRUBLEMA DE LAS CARTELERAS DIGITALES EN L.A.

Los Ángeles necesita una política de sentido común para la señalización digital.

- Las carteleras digitales proporcionan importantes avisos de seguridad pública para alertar a nuestras comunidades en tiempos de crisis.
- Las carteleras digitales son un motor importante de nuestra economía local.
- Las carteleras digitales son una fuente importante de publicidad para las organizaciones comunitarias.

#### Concejal Ed Reyes,

La ciudad de Los Ángeles debe aprovechar los paquetes de beneficios comunitarios, las carteleras tradicionales reducen los programas que permiten las Carteleras Digitales. Las Carteleras Digitales son un activo importante de la ciudad de Los Ángeles - las Carteleras Digitales respaldan nuestras actividades comunitarias y colaboran con el bienestar público. La ciudad de Los Ángeles debe apoyar una solución legislativa integral para preservar las Carteleras Digitales de Los Ángeles y al mismo tiempo proporcionar una vía para futuras Carteleras Digitales que generen beneficios a la comunidad, la remoción de las carteleras tradicionales y evitar litigios costosos.

Al firmar la siguiente petición, estoy indicando mi apoyo a la Alcaldía para actuar en la promoción de una solución para las carteleras digitales en la ciudad de Los Ángeles. También doy mi apoyo a las propuestas tendientes a reducir las carteleras tradicionales, implementar los paquetes de beneficios comunitarios y preservar las Carteleras Digitales existentes en Los Ángeles, si están en armonía con las comunidades y para reubicarlas, de ser necesario, en lugares que no tengan un impacto significativo en las comunidades vecinas.

- Digital Billboards are an important advertising source for non-profits and community organizations.

#### Councilmember Ed Reyes,

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

### ALCALDIA: KESUELVA EL PROBLEMA DE LAS CARTELERAS DIGITALES EN L.A.

Los Ángeles necesita una política de sentido común para la señalización digital.

- Las carteleras digitales proporcionan importantes avisos de seguridad pública para alertar a nuestras comunidades en tiempos de crisis.
- Las carteleras digitales son un motor importante de nuestra economía local.
- Las carteleras digitales son una fuente importante de publicidad para las organizaciones comunitarias.

#### Concejal Ed Reyes,

La ciudad de Los Ángeles debe aprovechar los paquetes de beneficios comunitarios, las carteleras tradicionales reducen los programas que permiten las Carteleras Digitales. Las Carteleras Digitales son un activo importante de la ciudad de Los Ángeles - las Carteleras Digitales respaldan nuestras actividades comunitarias y colaboran con el bienestar público. La ciudad de Los Ángeles debe apoyar una solución legislativa integral para preservar las Carteleras Digitales de Los Ángeles y al mismo tiempo proporcionar una vía para futuras Carteleras Digitales de las carteleras tradicionales y evitar litigios costosos.

Al firmar la siguiente petición, estoy indicando mi apoyo a la Alcaldía para actuar en la promoción de una solución para las carteleras digitales en la ciudad de Los Ángeles. También doy mi apoyo a las propuestas tendientes a reducir las carteleras tradicionales, implementar los paquetes de beneficios comunitarios y preservar las Carteleras Digitales existentes en Los Ángeles, si están en armonía con las comunidades y para reubicarlas, de ser necesario, en lugares que no tengan un impacto significativo en las comunidades vecinas.

Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

By signing the petition below I am indicating my support for a the City Council to act to bring about a solution to digital billboards in the City of Los Angeles and I also support proposals that would reduce traditional billboards, implement community benefits packages and preserve Los Angeles' existing Digital Billboards where they are in harmony with communities and to relocate them, when needed, to locations that have no significant impacts to surrounding communities.

### ALUALDIA: REQUELVA EL PRUBLEMA DE LAS CARTELERAS DIGITALES EN L.A.

### Los Ángeles necesita una política de sentido común para la señalización digital.

- Las carteleras digitales proporcionan importantes avisos de seguridad pública para alertar a nuestras comunidades en tiempos de crisis.
- Las carteleras digitales son un motor importante de nuestra economía local.
- Las carteleras digitales son una fuente importante de publicidad para las organizaciones comunitarias.

#### Concejal Ed Reyes,

La ciudad de Los Ángeles debe aprovechar los paquetes de beneficios comunitarios, las carteleras tradicionales reducen los programas que permiten las Carteleras Digitales. Las Carteleras Digitales son un activo importante de la ciudad de Los Ángeles - las Carteleras Digitales respaldan nuestras actividades comunitarias y colaboran con el bienestar público. La ciudad de Los Ángeles debe apoyar una solución legislativa integral para preservar las Carteleras Digitales de Los Ángeles y al mismo tiempo proporcionar una vía para futuras Carteleras Digitales que generen beneficios a la comunidad, la remoción de las carteleras tradicionales y evitar litigios costosos.

Al firmar la siguiente petición, estoy indicando mi apoyo a la Alcaldía para actuar en la promoción de una solución para las carteleras digitales en la ciudad de Los Ángeles. También doy mi apoyo a las propuestas tendientes a reducir las carteleras tradicionales, implementar los paquetes de beneficios comunitarios y preservar las Carteleras Digitales existentes en Los Ángeles, si están en armonía con las comunidades y para reubicarlas, de ser necesario, en lugares que no tengan un impacto significativo en las comunidades vecinas.

Los Angeles needs a common-sense policy for digital signage.

- Digital Billboards provide important public safety messaging to alert our communities in times of crisis.
- Digital Billboards are an important driver our or local economy.
- Digital Billboards are an important advertising source for non-profits and community organizations.

#### Councilmember Ed Reyes,

ŧλ

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

### Councilmember Ed Reyes,

The City of Los Angeles should take advantage of community benefits packages, traditional billboard takedown programs to allow Digital Billboards. Digital Billboards are an important asset to the City of Los Angeles – Digital Billboards support our businesses, our non-profit and aid in our public well-being. The City of Los Angeles should support a comprehensive legislative solution to preserve Los Angeles' Digital Billboards while simultaneously providing a pathway for future Digital Billboards that will generate community benefits, further takedowns of traditional billboards and avoid costly litigation.

By signing the petition below I am indicating my support for a the City Council to act to bring about a solution to digital billboards in the City of Los Angeles and I also support proposals that would reduce traditional billboards, implement community benefits packages and preserve Los Angeles' existing Digital Billboards where they are in harmony with communities and to relocate them, when needed, to locations that have no significant impacts to surrounding communities.
