dear sir,

i understand committee is meeting at the moment to consider NC elections in 2012.

please pass word onto committee chairs that this SLNC vice chair believes voter enfranchisement and perpetuation of our democracy through timely & regular, properly posted, funded and overseen elections to be among the primary purposes of city government and not open to renegotiation or default.

imagine fighting across the seas for democratic processes and then cutting the budget to pay for them right here at home... who does that?

thank you.
