

Council file #

11-1980-55

item # 41

3-4-14 C.C. meeting

This Westfield project known as the Village has not been properly vetted as presented. This project does not deserve tax incentives.

This project has unanswered questions under CEQA.

Tax breaks for the best financed entities in our community without proper environmental investigation is not appropriate without considering environmental cost.

There are questions under CEQA concerning this Westfield Village project.

These tax breaks are harmful to sector community competing with Westfield. Why does Westfield get an unfair hedge against the future.

Tax breaks are a financial hedge.

These tax breaks are not deserved without proper vetting of this specific project under CEQA. All laws and regulations for this project must be followed considering the advantage

this subvention allows Westfield

The environmental cost assessment has not been done for the Westfield Village.
