To Anthony Manzano:

PRA request for documents verifying letter of support has NOT been complied with. This is a violation of California's Public Records Act (Gov. Code, sec. 6250 et seq.).

Under the California Public Records Act § 6250 et seq., I am requesting an opportunity to inspect or obtain copies of public records related to:

- a. LA-32 NC agenda(s) indicating the date, time, and location of meetings in which the support of Rose Hills signs was discussed, reviewed, and voted on by said neighborhood council, and
- b. LA-32 NC approved minutes of the meeting and/or meetings verifying that the LA-32 NC took an official position in support of posting Rose Hills signs.

If there are any fees for searching or copying these records, please inform me if there will be any fees associated for the request. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the proposed Rose Hills signs. The requested documents will help ensure there is transparency and will allow us to help you keep the community at large informed about this proposal. The documents will be shared with the community and public via our website and e-mail list. This information is not being sought for commercial purposes.

The California Public Records Act requires a response within ten business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or this entire request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures

available to me under the law.

Thank you for considering my request.

Sincerely,

Jorge Garcia
