Official LADoT documents verify: there has never been a Rose Hills sign at this location. Legislative Deputy Erick Martell stated that LADoT has missing records for the 2005 period, when the signs were supposedly installed. LADoT denies having any gaps in their record keeping.

We are requesting, under California's Public Record Act, for Mr. Martell to provide written proof of LADoT's statement to him about having any missing records or gaps in their record keeping for the 2005-2010 period.
