## SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

COPS Office grants must be used to reorient the mission and activities of law enforcement agencies through initiating community policing or enhancing their involvement in community policing. If awarded funds, your responses to this section will constitute your agency's community policing plan under this grant. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools.

We understand that your community policing needs may change during the life of your grant (if awarded), and **minor changes to this plan may be made without prior approval from the COPS Office**. We also recognize that this plan may incorporate a broad range of possible community policing strategies and activities, and that your agency may implement particular community policing strategies from the plan on an as-needed basis throughout the life of the grant. **If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval.** Changes are "significant" if they deviate from the range of possible community policing activities identified and approved in this original community policing plan submitted with your application.

## Community Policing Definition Framework

The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving.

*Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.*

The COPS Office has completed the development of a comprehensive community policing self-assessment tool for use by law enforcement agencies. Based on this work, we have developed the following list of primary sub-elements of community policing. Please refer to the COPS Office website ([www.cops.usdoj.gov](http://www.cops.usdoj.gov)) for further information regarding these sub-elements.

## Community Policing Plan Narrative

Please describe your agency's implementation plan for this program (if awarded), with specific reference to each of the following elements of community policing: (a) community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies; (b) related governmental and community initiatives that complement your agency's proposed use of COPS funding; and (c) organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement in and commitment to community policing.

In the space provided, please address your agency's implementation plan for this program with specific reference to each of the following elements of community policing:

**(a) Community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies.**

[Responses are limited to a maximum of 5,000 characters.]

The Los Angeles Police Department (LAPD) proposes to add three Child Sexual Predator Program (CSPP) Officers to work in partnership with the LA Internet Crime Against Children (ICAC) Task Force and LAPD Registration Enforcement and Compliance Team (REACT) to reduce child endangerment in Southern California by locating, arresting, and prosecuting child sexual predators and exploiters, and enhancing the enforcement of California sex offender registration laws. Please note that as required by this grant, the LA ICAC has been previously funded/designated by the US Department of Justice, Office of Juvenile Justice and Delinquency Prevention.

Specifically, the three officers will partner with over 37 local, state and federal law enforcement agencies in the LA ICAC and REACT, including the U.S. Attorney's Office and U.S. Marshal Service, to solve problems on child sexual predator cases, as well as provide outreach and training to community groups, comprised of residents, teachers and children, on the dangers of child sexual predators and the laws pertaining to their arrest and registration. The three CSPP Officers will also partner with local parole and probation officers to enforce sex offender registration requirements, so that they can check registrant's computers for compliance using forensic media tools. These CSPP Officers will also train REACT officers to use this tool so that probation checks will incorporate verification of online and computer compliance. All of these efforts will lead to increased information sharing and compliance of sex offender registration laws throughout the LA region. Finally, the three CSPP Officers will partner with community residents, businesses, schools and community-based organizations. It is anticipated that this increased focus and expanded community outreach will enhance the protection of children against sexual predators, lead to more arrests and successful prosecutions of sex offenders, and most importantly, result in the successful prevention of child sex crimes throughout the Los Angeles region.

**(b) Related governmental and community initiatives that complement your agency's proposed use of COPS funding.**

[Responses are limited to a maximum of 5,000 characters.]

The police officers in CSPP will partner with the LA ICAC and the REACT to establish a greater regional community policing approach to sex offender registration, compliance and enforcement. LA ICAC is a regional task force that works on Internet-involved child sex crime cases. REACT is responsible for registering, tracking, monitoring, and investigating cases of registration non-compliance and conducting public notifications on sex offender registrants. REACT relies on a strategic mix of traditional police work, record keeping and compliance measures. This partnership with REACT will enhance public safety in communities throughout Southern California.

The CSPP will also leverage existing working relationships and joint initiatives with Federal agencies to enhance child sex crime enforcement efforts. The LAPD's existing partnerships with the Secret Service, US Postal Service, US Immigration and Customs Enforcement (ICE), and the US Marshal Service will enable greater staffing and analysis abilities on cases involving sex offender registrants and sexual predators. This will pave the way for the integration of federal initiatives to regional problem solving and enforcement.

CSPP Officers will actively participate in community outreach events with its partners to educate the public and other law enforcement. First, these officers will participate in the 2011 (and 2012) Cyber Crime Prevention Symposium, an annual event for the public hosted by the County of Los Angeles, Inter-Agency Council on Child Abuse and Neglect. CSPP Officers and ICAC investigators will train other community members regarding Internet safety and the enforcement and compliance of sex offender registration. The officers will also participate and provide outreach in the 2011 High-Tech Crimes Conference, an annual event to promote technological security.

The LA ICAC is also an active participant in the State of California's High Technology Crime Advisory Committee, to help shape legislation and law enforcement trends relating to sex offender registrants in California. The Committee is led by the California Emergency Management Agency. The Advisory Committee presents a unique opportunity for the LA CSPP, through the LA ICAC Task Force Commander, to provide those who affect legislation with a field perspective and to weigh in on legislation that will further protect the community.

**(c) Organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement in and commitment to community policing.**

[Responses are limited to a maximum of 5,000 characters.]

Community Policing is not just a program or initiative; it is part of the philosophy and core of LAPD operations. In fact, one of LAPD's principal core values is "Service to Our Communities." The LAPD is dedicated to enhancing public safety and reducing the fear and incidence of crime in every community throughout LA by working in partnership with the community and other law enforcement partners to solve crime problems and prevent new ones from occurring. The proposed LA CSPP fits into LAPD's existing policing organizational structure, and as such, will incorporate the LAPD community policing principles of partnership problem solving and prevention of child sexual predator crimes on a regional level and as a multi-jurisdictional initiative. For example, traditional investigative teams might be replaced by multi-agency and/or multi-jurisdictional problem solving and community outreach teams, focusing on reducing child sexual predator crime enforcement and prevention as well as increased sex offender registration.

Specifically, the proposed three CSPP Officers will partner with other law enforcement agencies under LA ICAC and REACT to develop and implement new child sex crime control strategies. The Officers will also engage in outreach, problem solving and crime prevention approaches in the community in order to reduce fear and prevent child sexual predator crimes from occurring. As mentioned previously, CSPP Officers will participate in the 2011 and 2012 Cyber Crime Prevention Symposium to educate students, parents and teachers in more effective methods of preventing sex offenders from preying on our children. The officers will also be presenting at the 2011 National Conference of the Society for the Policing of Cyberspace (POLCYB) in November. POLCYB is a not-for-profit aimed at enhancing international public-private partnerships to combat online crimes.

The CSPP Officers will also make presentations in various languages and media, at community events, schools and other venues to disseminate information on child sexual predator crime prevention and the dangers of the Internet. Additionally, these officers will attend community events, such as town hall meetings and middle and high school forums, and work with organizations such as the USA Swimming Association to educate students. CSPP Officers will utilize the mobile forensics lab at these events and presentations. This will be an opportunity to discuss child sexual predator crime enforcement and investigative tools, as well as child sexual predator crime prevention approaches, with the community.

In addition to community-based prevention efforts, the CSPP officers will work in partnership with the community to develop Internet safety forums, both in person and via webinars and other electronic media. The members of ICAC and REACT have reported an increased demand from the community for information about the Internet and preventing sexual predator crime. The Internet crime prevention focus will also include the creation of a public relations campaign that will include printed and electronic educational materials. Moreover, the CSPP Officers will work with community partners to develop a "train-the-trainer" program. The train-the-trainer outreach activities will serve to empower our community partners to act as force multipliers to educate a broad spectrum of our community.

## SECTION 7: NEED FOR FEDERAL ASSISTANCE

### A. Waivers of the Local Match

Section Not Applicable to 2011 COPS Application Attachment

### B. Explanation of Need for Federal Assistance

All applicants are required to address the need for federal assistance. In the space below, please provide a brief explanation of your agency's inability to address your public safety needs and implement this project without federal assistance.

[Please limit your response to a maximum of 3,000 characters.]

The City of Los Angeles budget deficit for fiscal year 2011-2012 is estimated at \$319 million. The LAPD budget for police officer salaries was reduced by approximately \$40 million. With more than 96% of the overall LAPD budget going to salaries, together with significant officer attrition and furloughs for civilian employees, it is extremely difficult to fund regular patrol officers, let alone enhance needed 'specialized units' with additional officers, such as the three officers under the proposed CSPP.

Obtaining federal funding will provide much needed support for CSPP officers to focus on enhancing the partnerships, problem solving and organizational transformation needed to expand identification, arrest, prosecution and registration of child sexual predators and exploiters, as well as add a needed community outreach and educational prevention component. As LAPD serves the City's four million residents who reside in an area over 500 square miles, obtaining federal assistance for these essential community policing enhancements during this budget crisis is critical. Moreover, in other law enforcement jurisdictions in the LA region, which the proposed CSPP will cover, there are over 10 million residents and many of these jurisdictions are experiencing even greater fiscal constraints.

## SECTION 8: CONTINUATION OF PROJECT AFTER FEDERAL FUNDING ENDS

2. Please identify the source(s) of funding that your agency plans to utilize to continue the program, project, or activity following the conclusion of federal support: *(check all that apply)*

- General funds
- Raise bond/tax issue
- Private sources/donations
- Non-federal asset forfeiture funds (subject to approval from the state or local oversight agency)
- Fundraising efforts

## SECTION 10: EXECUTIVE SUMMARY

Please provide a brief summary of how your agency will use this federal funding. Refer to the COPS Application Guide for clarification on specific information to include in your summary, and be sure to provide a description of how you expect this grant to impact public safety and/or crime prevention in your community. The Executive Summary may be used to keep Congress or other executive branch agencies informed on law enforcement strategies to deter crime in your community.

*[Please limit your responses to a maximum of 3,000 characters.]*

The Los Angeles Police Department (LAPD) of California is requesting \$499,992 in grant funding from the Child Sexual Predator Program (CSPP) to work in partnership with other federal, state and local law enforcement agencies and the community to expand the enforcement and prevention efforts of child sexual predator crimes throughout Southern California. The contact person is Kurtis Kobayashi at (213) 486-0380.

The LAPD is a law enforcement community leader that has partnered with the Los Angeles Internet Crimes Against Children (LA ICAC) Task Force and the LAPD Registration Enforcement and Compliance Teams (REACT) to establish a regional and multi-jurisdictional community policing problem solving approach to enhance the identification, apprehension, prosecution and prevention of child sexual predator crime and increase sex offender registration compliance. The LA ICAC task force covers the area in and around LA County, which has a population of 10 million people. Under the proposed CSPP, the LAPD plans to add three CSPP officers to work with LA ICAC and REACT and community partners to enhance and expand child sexual predator enforcement and prevention efforts.

Specifically, CSPP Officers will partner with the 37+ state and local ICAC/REACT enforcement partners, county probation departments, parole, the U.S. Attorney and the U.S. Marshal Service to enhance child sexual predator investigations and increase compliance for the nearly 11,000 sex crime offenders who are required to register. Additionally, the new CSPP Officers will work with community partners on problem solving efforts involving child sexual predator crime reduction and prevention efforts and provide community education and outreach.

## SECTION 11: PROJECT DESCRIPTION (NARRATIVE)

Please include in your application an in-depth narrative response detailing your proposed project. Please refer to the program-specific section of the COPS Application Guide: "How to Apply" section for information on what should be included in your response, as well as any additional formatting requirements and page length limitations. **Note: Child Sexual Predator Program (CSPP) and Community Policing Development (CPD) grant applicants must submit their entire project description narrative as an attachment in Section 13 of this application.**

### A. Problem Identification

*[Responses are limited to a maximum of 3,000 characters.]*

The LAPD suffers from a lack of resources to adequately combat child sexual predator and child exploiter crime, especially crimes that involve the Internet. National and local statistics suggest that the victimization by child sexual predators on the Internet is growing significantly. Detectives in the LA ICAC Task Force have also reported a recent increase in online child sexual predator activity. This could be attributed to a combination of factors such as increased number of online child sexual predators, access to computers, advances in mobile technology, and the amount of time spent on the Internet. There are nearly 11,000 registered sex offenders in the LA region. The LA ICAC Task Force works hand in hand with REACT, which collaborates with the Departments of Parole and Probation, to register offenders, investigate cases of non-compliance, conduct public notifications on sex offender registrants, match registrants to unsolved crimes and ensure enhanced public safety. However, the large number of sex offenders and limited staffing have caused a more reactive response to enforcement, which limits the accomplishment of proactive activities such as community partnership and problem solving.

Funding is being requested under the COPS CSPP to add three LAPD police officers to assist with sex offender registration compliance checks and to work with ICAC and REACT on child sexual predator investigations and prosecutions, sex offender registration compliance checks, training for other law enforcement agencies, and community outreach and prevention efforts. Educational materials including pamphlets, posters and educational giveaways (i.e. mouse pads, notepads, pens, pencils, stickers, etc.) will also be produced and distributed at community outreach and education events to remind parents, children and educators of the steps to employ to ensure Internet safety.

### B. Project Goals/Objectives

*[Responses are limited to a maximum of 3,000 characters.]*

The goal of the LA CSPP is to keep our communities safe from child sexual predators. We propose to reach this goal by achieving the following objectives:

#### 1. Increase the Number of Child Sex Crime Investigations, Prosecutions and Partnerships

By adding three CSPP Officers to work in partnership with LA ICAC and REACT, we anticipate that the number of child sex crime investigations and prosecutions will increase. Additionally new and enhanced partnerships with probation, parole, the U.S. Attorney's Office and U.S. Marshal Service will be formed. CSPP Officers will provide training to other law enforcement partners on checking sex registrants' computers using forensic media tools. These partnerships will facilitate easy information sharing between law enforcement partners as part of an overall organizational transformation that will result from this project.

#### 2. Increase Outreach and Prevention Efforts in the Community

The CSPP officers will participate in community educational programs and forums to educate teachers, students, parents and the public on prevention and Internet safety. The CSPP will create a "train-the-trainer" program to empower community partners, such as educators, sports coaches and others to act as force multipliers and be more vigilant of the dangers of sexual predators. Printed materials such as pamphlets, posters and booklets, and educational items will be distributed at each event. Examples of these educational items may include mouse pads with "10 Steps to Internet Safety", whistles for child safety, pens and notebooks for children to take notes during events, and stickers with important contact information.

#### 3. Improve the Effectiveness of Sex Offender Registration Compliance Checks

The CSPP will incorporate electronic media forensics into sex offender registration compliance checks and investigations. This tool will enable CSPP Officers to check a registrant's computer to examine it for any violations. These officers will train REACT task force members to use this tool, allowing the LAPD to conduct thorough compliance checks on a greater number of sex offender registrants.

**C. Building Relationships and Solving Problems** *[Responses are limited to a maximum of 3,000 characters.]*

The CSPP Officers will collaborate and partner with local, state and federal law enforcement agencies on child sexual predator investigations. They will also train other law enforcement agencies in electronic media enforcement. There are currently 37+ participating agencies, including numerous local law enforcement and prosecutorial agencies, the U.S. Attorney's Office and several federal agencies, in the LA ICAC Task Force and on REACT, which serve 10 million people. Additionally, the CSPP Officers will work with the Departments of Probation and Parole as well as with the U.S. Attorney and U.S. Marshal.

The CSPP Officers will forge ties and interact with communities on effective training and outreach initiatives that will make an impact in reducing child sexual predator crimes. Furthermore, these officers will develop relationships with educators, students and non-profits, such as the USA Swimming Association, to create a forum to engage in conversations with the community. Sharing information between police and the community as problem solving partners using the SARA (Scanning, Analysis, Response and Assessment) model, will greatly help in investigation efforts against child sexual predators.

**D. Implementation Plan**

*[Responses are limited to a maximum of 3,000 characters.]*

From month 1 through month 24 of the proposed project, Officers will be added to work on the CSPP. These officers will have experience in child sex crime cases and must be computer savvy. Their former positions will be backfilled with new fully-trained officers. These Officers will provide forensic media training to partners. Milestone: Hire and train three officers to CSPP. Train other law enforcement agencies throughout the life of project.

From month 2 through month 24, CSPP Officers will develop and implement plans for working with the community, both in terms of problem solving efforts as well as prevention initiatives such as community prevention education and outreach programming.

Milestone: Develop community outreach plan that includes public relations, education and training activities.

From month 1 through month 24, the CSPP Officers will work with the U.S. Attorney's Office, U.S. Marshal Service and other members of LA ICAC and REACT to improve the effectiveness of sex offender registration compliance checks.

Milestone: Implement electronic media forensic tool to check a registrant's computer.

By the end of month 12, more REACT officers should be proficient in forensic computers examination. By the end of month 24, the LAPD will be conducting quarterly sex offender registrant compliance checks. Currently, only one compliance operation is conducted each year. Having the increased number of trained personnel will greatly enhance our compliance efforts.

**E. Evaluation Plan/Effectiveness of Program**

*[Responses are limited to a maximum of 3,000 characters.]*

The evaluation and effectiveness of the CSPP will be measured by the number and type of child sexual predator cases handled by LAPD. With the CSPP Officers also participating in investigations, registration compliance checks, and training other officers on electronic media forensics, this increases the efficiency in case investigations where we expect to see an increase in the number of cases handled. Similarly, compliance data will be collected related to the number of sex offenders who comply with local laws related to registration.

Community outreach and training achievements will also be included in the monthly reports that will be shared with LA ICAC, REACT and members of these task forces from the U.S. Attorney's Office, the U.S. Marshal Service as well as the COPS Office (via quarterly reporting requirements). We will keep track of all community events and training sessions we attend, as well as the formal and informal partnerships that were formed and how this benefitted our CSPP efforts. The required progress reports will provide data summary and analysis to aid the LAPD in continuously improving the CSPP initiative.

**F. Project Description (Narrative) Attachment**

**Community Policing Development (CPD)** applicants must submit their entire project description as an attachment in Section 13 of this application.

## **SECTION 14: BUDGET DETAIL WORKSHEETS**

### **Instructions for Completing the Budget Detail Worksheets**

The following Budget Detail Worksheets are designed to allow all COPS grant and cooperative agreement applicants to use the same budget forms to request funding. Allowable and unallowable costs vary widely and depend upon the type of COPS program. The maximum federal funds that can be requested and the federal/local share breakdown requirements also vary.

Please refer to the program-specific Application Guide to determine the allowable/unallowable costs, the maximum amount of federal funds that can be requested, and the federal/local share requirements for the COPS program for which your agency is applying. To assist you, sample Budget Detail Worksheets are included in each Application Guide.

Please complete each section of the Budget Detail Worksheets applicable to the program for which you are applying (see the program-specific Application Guide for requirements). If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

All calculations should be rounded to the nearest whole dollar. Once the budget for your proposal has been completed, a budget summary page will reflect the total amounts requested in each category, the total project costs, and the total federal and local shares.

**If you need assistance in completing the Budget Detail Worksheets, please call the COPS Office Response Center at 800.421.6770.**

## SECTION 14: BUDGET DETAIL WORKSHEETS

**Instructions:** This worksheet will assist your agency in reporting your agency's current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. Please list the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. Do not include employee contributions. (Please refer to the program-specific Application Guide for information on the length of the grant term for the program under which you are applying.)

**Special note regarding sworn officer fringe benefits:** For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable expenditures may be included under Part 1, Section B. Any fringe benefits that are already included as part of the agency's base salary (Part 1, Section A of the Sworn Officer Budget Worksheet) should not also be included in the separate fringe listing (Part 1, Section B).

Please refer to the program-specific Application Guide for information about allowable and unallowable fringe benefits for sworn officer positions requested under the program to which your agency is applying.

## C. EQUIPMENT/TECHNOLOGY

**Instructions:** List non-expendable items that are to be purchased. Provide a specific description for each item and explain how the item supports the project goals and objectives as outlined in your application. Non-expendable equipment is tangible property (e.g., technology) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the "SUPPLIES" or "OTHER" categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "CONTRACTS / CONSULTANTS" category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or interjurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See the program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. However, if your agency requires more lines please check the available box. Please limit your descriptions to 1000 characters.

## E. TRAVEL/TRAINING

**Instructions:** Itemize grant-related travel expenses of grantee personnel (excluding consultants, whose expenses are listed in Section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee's written travel policy, assuming the costs are reasonable. Grantees without a written travel policy must follow the established federal rates (found at [www.gsa.gov](http://www.gsa.gov)) for lodging, meals, and per diem. For all grantees (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available). ## SECTION 15A: ASSURANCES

Several provisions of federal law and policy apply to all grant programs. The Office of Community Oriented Policing Services needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state's COPS Grant Program Specialist at 800-421-6770.

By signing this form, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds. In particular, the applicant assures us that:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this grant and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.
2. It will comply with the provisions of federal law, which limit certain political activities of grantee employees whose principal employment is in connection with an activity financed in whole or in part with this grant. These restrictions are set forth in 5 U.S.C. § 1501, et seq.
3. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, if applicable.
4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being, motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.
5. It will give the Department of Justice or the Comptroller General access to and the right to examine records and documents related to the grant.
6. It will comply with all requirements imposed by the Department of Justice as a condition or administrative requirement of the grant, including but not limited to: the requirements of 28 CFR Part 66 and 28 CFR Part 70 (governing administrative requirements for grants and cooperative agreements); 2 CFR Part 225 (OMB Circular A-87), 2 CFR 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122) and 48 CFR Part 31.000, et seq. (FAR 31) (governing cost principles); OMB Circular A-133 (governing audits) and other applicable OMB circulars; the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 CFR Part 38.1; the applicable COPS Application Guidelines; the applicable COPS Grant Owner's Manuals; and with all other applicable program requirements, laws, orders, regulations, or circulars.
7. It will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.
8. It will not, on the ground of race, color, religion, national origin, gender, disability or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Indian Civil Rights Act (25 U.S.C. §§ 1301-1303); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); Title II, Subtitle A of the Americans with Disabilities Act (ADA) (42 U.S.C. § 12101, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); and Department of Justice Non-Discrimination Regulations contained in Title 28, Parts 35 and 42 (subparts C, D, E, G and I) of the Code of Federal Regulations.
  - A. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability or age against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.
  - B. If your organization has received an award for \$500,000 or more and has 50 or more employees, then it has to prepare an Equal Employment Opportunity Plan (EEOP) and submit it to the Office for Civil Rights ("OCR"), Office of Justice Programs, 810 7th Street, N.W., Washington, DC 20531, for review within 60 days of the notification of the award. If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEOP, but it does not have to submit the EEOP to OCR for review. Instead, your organization has to maintain the EEOP on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEOP requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.
9. Pursuant to Department of Justice guidelines (June 18, 2002 Federal Register (Volume 67, Number 117, pages 41455-41472)), under Title VI of the Civil Rights Act of 1964, it will ensure meaningful access to its programs and activities by persons with limited English proficiency.
10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency' (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.
11. If the applicant's state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.

12. It will submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget for clearance under the Paperwork Reduction Act of 1995 if required.

13. It will comply with the Human Subjects Research Risk Protections requirements of 28 CFR Part 46 if any part of the funded project contains non-exempt research or statistical activities which involve human subjects and also with 28 CFR Part 22, requiring the safeguarding of individually identifiable information collected from research participants.

14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.

15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.

16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.

17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti-Lobby Act, 18 U.S.C. 1913.

18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a nonfederal share) equal to the amount seized in order to fully implement the grant project.

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.
