Subject: Comments to PLUM Agenda No. 3-CF 12-0096-S1 LA-RIO District Ordinances and Negative Declaration  
To: Sharon Gin <Sharon.Gin@lacity.org>

These two ordinances are strictly for LAND DEVELOPMENT with TFAR Floor Area Ratio transfers.

More applicable to the River and the Clean Water Act than the LA River Revitalization Master Plan, is the US Army Corps LA River Ecosystem Restoration Feasibility Study should now be considered in the Ordinance and Environmental reviews.

It has not.

An Environmental Impact Report should be circulated with alternatives presented.

Ecosystem restoration may significantly alter the development plans as an Alternative for the USACE study is chosen.

Please circulate an Environmental Impact Report for public review and deny any approvals for these ordinances.

Any part of the area of the Hollywood Community Plan will be vacated due to Superior Court order.
