TO: Members of the PLUM Committee and city council representatives for Hollywood

My husband and I own a condominium at the SW corner of Hollywood and Vine in the Broadway building (1645 Vine Street). We are very supportive of the vision for Hollywood as outlined in the draft Community Plan. This community has the potential to become a vibrant mixed-used pedestrian-oriented neighborhood for Los Angeles.

We also support the proposals for increasing densities around transit corridors, and goals for affordable housing and permanent supportive housing for our homeless and most vulnerable neighbors. We believe traffic over time will lessen in Hollywood as more residents move into the core downtown areas and rely on walking, public transportation and bicycles. This is a good blueprint for an exciting future Hollywood that will serve a mix of residents, workers and visitors.
