

Dear Joe Buscaino, Councilman, Mike Bonin, Councilman, and David Ryu, Councilman,

We are pleased to present you with this petition affirming this statement:

"The People of Los Angeles deserve transparency from their elected officials. We deserve a say in what is done with the land use and zoning within OUR communities. We OPPOSE Council File 12-0460-S4; Case No. CPC-2016-3182-CA; ENV-2016-3183-CE as this takes away many of the rights we as citizens, taxpayers, residents and stakeholders currently are entitled to when it comes to matters of zoning and land use. It further removes any say that the Neighborhood Councils currently hold with regards to Land Use and Planning and places power in the hands of a non-elected official(City Planner)."

Attached is a list of individuals who have added their names to this petition, as well as additional comments written by the petition signers themselves.

Sincerely,
Wilmington Citizens

Melissa Lopez

We are still a "car society" stop trying to impede that by demanding less parking on construction of habitation and retail structures. This Increases Air Pollution and decreases business in retail businesses. It also makes life miserable for people. If you want better use of public transportation, make it better First! You Will Never Take Our Cars Away, it is First and Always, Our Freedom to Go Anywhere when we want to.

Hi I am Lily, a local student and community youth activist. I oppose Council File 12-0460-S4, which provides developers to upzoning, density bonuses and incentives without providing a single unit of affordable housing. I care about Los Angelenos and this council file is **not** in favor of the angelenos in this city!
