ITEM 12, COUNCIL 5/15/12

A. Alietti

**STATEMENT of J.H. McQUISTON on  
PROHIBITION on TENTS in CITY PARKS**

Honorable President and Members of the Council:

**As a Boy Scout I learned much by camping in tents in Griffith Park, in Boy-Scout "Camporals".**

**The Proposed Ordinance would forever prohibit "camporals" and other youth training involving the use of tents in City parks.**

**That is not the spirit to present to City youths.**

**Moreover, various "farmers markets" and "associations" and the like set up "tents" for various shows, including various carnival shows and rides temporarily-occupying City parks.**

**I suggest the Council should amend the proposed Ordinance so permits for "temporary shelters" may be obtained by the public and by City personnel.**

Respectfully submitted,

c: Interested parties
