This is becoming absurd. No contractor should EVER be considered who does not comply.

Conflict of Interest issues are a key issue ignored by you, but not by the public. There are too many systems (by each department) or no systems at all (some departments) for contracting.

You have never received Financial Information from any AEG entity for ANY deal. We find NO FINANCIAL INFORMATION IN THE RECORDS.

How do you know if there are risky investments or questionable debt? Do any of these entities engage in Hedge Funds?

Start protecting the Public, not Special Interests.
