Section 1. Section 7.27.2 of the Los Angeles Administrative Code provides that the Council of the City of Los Angeles may approve the sale (at below its fair market value) of City-owned real property to a private party by the Economic Workforce and Development Department for economic development purposes. Prior to approving such conveyances, Section 7.27.2 requires that the City Council make five findings with respect to the subject City Property: (1) the fair market value of this property at its highest and best use is \$ 7,150,000; (2) the Buyer's purchase price for the property is \$7,150,000; (3) the City sales agreement for the property has conditions requiring economic and public benefit be provided which will be recorded in a covenant on the land; (4) the fair reuse value of the property with such conditions imposed has a value of \$7,150,000; and (5) the sale of the property will assist in the City's economic development goals.
