To the Arts, Parks, Health, Aging & River Committee,

On Monday you will be discussing an important issue, one that my husband and I have been following. We have witnessed the decline of so many parks within our city. We have been concerned about this not only for our own grandchildren but for all Angelinos, young and old.

Until a few years ago we didn't realize the important role played by our city's Park Rangers. The more we've learned about the Rangers, we've come to not only appreciate their role and contribution to our city, we realize the importance of speaking up on their behalf.

Tom and I fully support the Optimum Investment Option. We believe it is the most efficient and very much needed approach to providing services to our parks. We need more Park Rangers. They are the most critical part of outreach and public safety for our communities.

We hope the committee will agree.

Tom & Karen Zimmerman

Arts Parks Health Aging & River Committee Members,

Our city parks continue to be a concern for our family. The last two to three decades have taken a toll on what was once an outstanding park system. At the same time we have witnessed the reduction in the role played by our city's Park Rangers.

Our Park Rangers provide an important service as Peace Officers and recreational resources in our park system. As a city we need to reinvigorate the Park Rangers' role in our city parks.

When you meet on Monday to discuss Council File 12-0899-51, I urge you to focus on the important role of our Park Rangers and what they have to offer to our citizens, young and old.

Please support and vote for the 'Optimum Investment' choice. Our parks need this funding and Angelinos deserve it.

Thank you,
Karen Zimmerman
