

Case # 7 File 12-0967

Los Angeles Unified School District

Kingsley Elementary

323-644-7700 (fax) 323-913-3360
5200 W. Virginia Ave., Los Angeles CA 90029

Dr. John Deasy
Superintendent of Schools

Cheryl Hildreth,
Superintendent
Educational Service Center West

Renee Fuentes-Campa
Principal

To Whom It May Concern,

I am writing this letter to voice my concern on the proposed project planned on Kingsley Avenue right next door to Kingsley Elementary School.

My concern is the amount of traffic that will be coming and going from this building in such a small, already congested area. There are no crossing guards around the school and parking in front of the school is always an issue in the morning and afternoon. Safety for the students and their families will be an issue.

My other concern is the fact that on this field there had been a mechanics shop, what kind of environmental issues will this raise once the earth is torn up. How is this massive project going to ensure that the dust and particles of all the building materials are not going onto our playground, which is directly adjacent to the lot? This can affect students and adults with asthma and cause repertory problems for others.

Will the safety of our students be compromised with traffic, debris and an unordinary amount of people coming and going all day long?

Please take these issues into account when making your decision. All that separates our two properties is a chain link fence.

Sincerely,

Renee Fuentes Campa
