REPORT NO. R 13 - 0 0 0 3

REPORT RE:

JAN 02 2013

DRAFT ORDINANCE AMENDING THE SPAY/NEUTER EXEMPTIONS AND BREEDING PERMIT PROVISIONS, REQUIRING THE STERILIZATION OF IMPOUNDED STRAY UNALTERED DOGS AND CATS, AND DELETING REFERENCE TO THE SPAY/NEUTER ADVISORY COMMITTEE

The Honorable City Council
of the City of Los Angeles
Room 395, City Hall
200 North Spring Street
Los Angeles, California 90012

Council File No. 12-1147

Honorable Members:

Pursuant to your request, this Office has prepared and transmits for your consideration the enclosed draft ordinance, approved as to form and legality. The ordinance amends Section 53.15.2 of the Los Angeles Municipal Code (LAMC) by modifying or deleting several spay/neuter exemptions, amending penalties for non-compliance and requiring that stray dogs and cats impounded by the Department of Animal Services (Department) be sterilized prior to their being redeemed by their owners. The ordinance also deletes the reference in the LAMC to the Spay/Neuter Advisory Committee, which has completed its work and has dissolved pursuant to the provisions of Section 53.15.2 (b)(8)G of the LAMC.

Background and Summary of Ordinance Provisions

(1) Subsection (b)(2)A of Section 53.15.2

LAMC Section 53.15.2(b)(2) requires that all dogs and cats in the City be spayed or neutered subject to several exemptions. One of these, codified in Subsection

(b)(2)A, provides an exemption if the dog or cat is registered with a breed registry recognized by the Department and is a show animal that has competed within the previous two years, unless it is too young to compete. The draft ordinance requires the registry to be a national or international registry or association that includes breed identification, date of birth, names of registered sire and dam, the name of the breeder and recordkeeping relating to breeding, transfer of ownership and death. The draft ordinance also requires the owner to provide the Department with verified proof of competition.

(2) Subsection (b)(2)B of Section 53.15.2

Subsection (b)(2)B is the exemption linked to agility training, herding or related designations for working dogs. According to the Department, there are no accepted professional standards or licensing procedures for such activities. The draft ordinance would delete this Subsection.

(3) Subsection (b)(2)E of Section 53.15.2

Subsection (b)(2)E allows an owner of a dog or cat to provide a letter from a licensed California veterinarian certifying that arrangements have been made to spay or neuter the dog or cat within 60 days after the animal reaches the age of four months, that the animal's health would be best served by spaying or neutering after a specified date, or that, due to age, poor health or illness, it is unsafe to spay or neuter the animal.

The draft ordinance requires that the veterinarian's letter certifying that an animal's health would be best served by spaying or neutering after a specified date be limited to situations where the dog or cat is too sick or injured to be spayed or neutered, or if the letter states that it is unsafe to spay or neuter the animal, it must be due to old age, a permanent and serious medical condition or permanent infirmity that would prevent the animal from reproducing. The draft ordinance requires that the veterinarian's letter specify the medical condition and diagnosis, and be supported by diagnostic reports. An updated letter is to be submitted by the owner if the cat or dog has not been spayed or neutered by the date specified in the veterinarian's letter and, in any event, at the time of each license renewal.

(4) Subsection (b)(7) of Section 53.15.2

New language added to Subsection (b)(7) would prohibit the Department from waiving the penalties when an owner transfers or abandons a dog or cat without complying with spay or neuter requirements.

(5) Subsection (b)(8) of Section 53.15.2

Subsection (b)(8) established the Spay/Neuter Advisory Committee and provided that the Committee was to complete its work and dissolve by October 30, 2009. Deleting Subsection (b)(8) deletes reference to the dissolved Committee.

(6) New Subsections (b)(9), (10) and (11) to Section 53.15.2

New Subsection (b)(9) provides that an unaltered dog or cat found running at large and impounded as a lost or stray animal shall be spayed or neutered before being returned to its owner and that the owner is to pay for the sterilization in addition to the impound fees, which include the reasonable cost of the care and feeding of the animal, as well as vaccinations, medication and any diagnostic or therapeutic applications. The impound fees, except for the cost of the sterilization, shall be waived by the Department if the owner agrees to have the animal sterilized.

The Department shall waive the sterilization requirement the first time the dog or cat is impounded if the animal is licensed and vaccinated.

The second time an intact animal is impounded, sterilization is mandatory. The fees and costs shall be a lien on the animal and are not to be waived by the Department.

New Subsection (b)(10) provides the owner with the right to an administrative hearing. The owner must request the hearing within fifteen (15) days after being notified that the impounded dog or cat is to be spayed or neutered, and the owner must pay the accrued impound fees and costs. The request for a hearing is to be submitted on a form provided by the Department. The administrative hearing is to be held within thirty (30) days after receiving the request, and follow the hearing procedures of LAMC Section 53.18.5. Following the administrative hearing, the Hearing Examiner will make a recommendation to the General Manager, who will issue the decision. An owner who fails to request a hearing in a timely manner will forfeit the right to challenge the Department's order to sterilize the animal.

New Subsection (b)(11) provides for an appeal to the Board of Animal Services Commissioners (Board) following an administrative hearing. The procedures for the appeal will generally follow the procedures in LAMC Section 53.18.5 (q) 2 through 10, which govern the appeal process to the Board. As in the existing hearing process, appeals must be filed or postmarked no later than fifteen (15) days after the decision of the General Manager is served on the owner. There will be no right of appeal should the owner fail to appear at the administrative hearing.

The cost for the care and feeding of the animal to be paid by the owner will be capped during the period that the appeal is received by the Department until the time

that the Board decision is served on the owner, so that the cost of the care and feeding does not exceed forty-five (45) days. If the Board reverses the decision of the General Manager and orders the animal returned without sterilization, the fees for the care and feeding of the animal from the time the appeal to the Board is received by the Department until the time the Board decision is served on the owner shall be waived.

(7) Subsection (c) (3) of Section 53.15.2

Presently, Subsection (c)(3) prohibits the Department from issuing a breeding permit to a person who has been convicted of animal cruelty or abuse. The draft ordinance would also prohibit the Department from issuing a breeding permit to a person who has been convicted of animal neglect, or who has failed to obtain appropriate licenses or permits for the animal for which the breeding permit is being sought.

(8) New sub-Subsection H to Subsection (c)(4) of Section 53.15.2

Sub-Subsection H would require a breeding permit holder to implant the puppy or kitten with an electronic animal identification device identifying the breeder, and will require the identity of the breeder to remain on the electronic animal identification device, along with the identity of the new owner upon the sale or transfer of the animal.

(9) New sub-Subsection I to Subsection (c)(4) of Section 53.15.2

Sub-Subsection I would require a breeding permit holder to comply with all applicable local, state and federal requirements for humane standards of operation, maintenance and housing of animals, and make the permit holder subject to inspection by the Department.

Council Rule 38 Referral

A copy of the draft ordinance was sent pursuant to Council Rule 38 to the Department of Animal Services with a request that the Department make any comments they may have directly to the City Council when this matter is considered.

If you have any questions regarding this matter, please contact Assistant City Attorney Dov S. Lesel at (213) 978-8154. He or another member of this Office will be present when you consider this matter to answer any questions you may have.

Very truly yours,

CARMEN A. TRUTANICH, City Attorney

By 
PEDRO ECHEVERRIA
Chief Assistant City Attorney

Transmittal

ORDINANCE NO. _____

An ordinance amending Section 53.15.2 of Article 3, Chapter V of the Los Angeles Municipal Code (LAMC) amending the spay/neuter exemptions for dogs and cats over the age of four months, modifying the breeding permit provisions, requiring the sterilization of stray dogs and cats impounded by the Department of Animal Service, and deleting the reference in the LAMC to the Spay/Neuter Advisory Committee.

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

Section 1. Subsection (b)(2)A of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is amended to read as follows:

A. The dog or cat is a breed approved by and registered with a national or international breed registry or association which, at a minimum, requires identification of the breed, date of birth, names of registered sire and dam, the name of the breeder and recordkeeping relating to breeding, transfer of ownership and death. In addition, the animal must actively show or compete and shall have competed in at least one show or sporting competition hosted or staged by, or under the approval of, a national association, unless it is too young to compete. The owner shall provide verified proof to the satisfaction of the General Manager of the Department with each application for a new or renewal license. The Board of Animal Services Commissioners may issue further guidelines for enforcement of this subsection.

Sec. 2. Subsection (b)(2)B of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is deleted.

Sec. 3. Subsection (b)(2)E of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is amended to read as follows:

E. The owner of the dog or cat provides a letter to the Department from a California licensed veterinarian certifying that arrangements have been made to spay or neuter the dog or cat within 60 days after the animal reaches the age of four months; that the dog or cat is too sick or injured to be spayed or neutered and that the animal's health would be best served by spaying or neutering after a specified date; or that it is unsafe to spay or neuter the animal due to old age, a permanent and serious medical condition or permanent infirmity that would prevent the animal from reproducing. The letter shall include the veterinarian's license number.

Except for a letter certifying that arrangements have been made to spay or neuter the dog or cat within 60 days after the animal reaches the age of four months, any letter from a veterinarian requesting a temporary or permanent extension, including updates, shall specify the animal's medical condition and the diagnosis which justifies the exemption and be supported by diagnostic reports. If the cat or dog has not been spayed or neutered by the date specified in the veterinarian's letter, the owner shall obtain an updated letter from the veterinarian specifying the new date by which the animal may be safely spayed or neutered. An updated letter for a temporary or permanent extension, shall be submitted at the time of each license renewal. If the letter from the veterinarian certifies that arrangements have been made to spay or neuter the dog within 60 days from the date the dog reaches the age of four months and the Department has been notified that the dog has in fact been spayed or neutered within that 60-day period, the owner shall qualify for the lower license fee and license tax for an altered dog.

Sec. 4. The second paragraph of Subsection (b)(7) of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is amended to read as follows:

If after 60 days from the date of notification of a third violation, the \$500.00 civil penalty is not paid or the 40 hours of community service is not performed, and/or the owner still has not spayed/neutered the dog or cat as required, the continuing violation of this subsection may also be deemed a misdemeanor. The penalties provided herein shall not be waived by the Department upon the transfer or abandonment of the dog or cat by the owner or custodian and shall be in addition to any other applicable civil or criminal penalties that may be imposed.

Sec. 5. Subsection (b)(8) of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is deleted.

Sec. 6. New Subsections (b)(9), (10) and (11) are added to Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code to read as follows:

(9) An unaltered dog or cat found running at large and impounded as a lost or stray animal shall be spayed or neutered before being redeemed by its owner, and the owner shall pay the amount established by the Department for the sterilization as part of the impound fees.

The Department shall waive the sterilization requirement the first time the unaltered dog or cat is impounded if the animal is exempt from the spay/neuter requirement and/or is licensed and vaccinated, or if the owner obtains a license and is in compliance with all other applicable provisions of this Article. The owner of the unaltered animal shall be responsible for paying the impound fees established by the Department, which may include the reasonable cost of feeding

and caring, vaccinations, medication and any diagnostic or therapeutic applications as may be required in the reasonable discretion of the Department. Payment of the impound fees provided herein shall not be waived by the Department upon the abandonment of the dog or cat by the owner and shall be in addition to any other applicable civil or criminal penalties that may be imposed. If the owner chooses to have the animal sterilized prior to, or in conjunction with, the redemption and pays for the sterilization, the Department shall waive the impound fees.

An animal impounded for a second or subsequent time shall be sterilized. The owner shall pay the amount established by the Department for the sterilization as part of the impound fees. If the owner chooses to have the animal sterilized prior to, or in conjunction with, the redemption and pays for the sterilization, the Department shall waive the impound fees.

(10) Within fifteen (15) days after the owner has been notified of the decision to spay or neuter the animal, the owner may request an administrative hearing. The request shall be in writing on a form provided by the Department. The hearing shall be held within thirty (30) days after receipt of the request. The Department shall issue a written notice served upon the owner at least ten (10) days prior to the date set for the hearing. Prior to the hearing, the owner shall pay the impound fees and costs accruing until the date of the hearing. The hearing shall be consistent with the procedures for hearings set forth in LAMC Section 53.18.5. An owner who fails to request a hearing in a timely manner forfeits the right to challenge the Department's decision to sterilize the animal. If the owner fails to pay the impound fees as required, the animal shall be deemed to have been abandoned, unless the owner consents to and pays for the sterilization.

(11) The decision of the General Manager may be appealed to the Board of Animal Services Commissioners by the owner. The procedures established in LAMC Section 53.18.5 (q) 2 through 10 shall govern the appeal process to the Board. The fees and costs to be charged to the owner from the time the appeal is received by the Department to the time that the Board decision is served on the owner shall not exceed forty-five (45) days for feeding and caring of the animal. If the Board reverses the decision of the General Manager and orders the animal returned without sterilization, the fees for the feeding and caring of the animal accruing after the time the appeal to the Board is received by the Department to the time the Board decision is served on the owner, shall be waived. Payment of the impound fees provided herein shall not be waived by the Department upon the abandonment of the dog or cat by the owner and shall be in addition to any other applicable civil or criminal penalties that may be imposed.

Sec. 7. Subsection (c)(3) of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code is amended to read as follows:

(3) The Department shall administer an animal breeding permit program to allow the breeding of unaltered dogs and cats consistent with the criteria and procedures established by the Department pursuant to Section 53.58 of this Article. A breeding permit shall not be issued to a person who has been convicted of animal cruelty, neglect or abuse or to a person who has failed to obtain appropriate licenses or permits for the animal for which the breeding permit is being sought. Animals receiving a breeding permit shall be implanted with an electronic animal identification device (microchip) identifying the owner. The microchip number shall be verified by the Department.

Sec. 8. A new sub-Subsection H is added to Subsection (c)(4) of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code to read as follows:

H. A breeding permit holder shall implant each offspring born to a permitted animal with an electronic animal identification device identifying the breeder. The identity of the breeder shall remain on the electronic animal identification device along with the identity of the new owner upon the sale or transfer of the animal.

Sec. 9. A new sub-Subsection I is added to Subsection (c)(4) of Section 53.15.2 of Article 3 of Chapter V of the Los Angeles Municipal Code to read as follows:

I. A breeding permit holder shall comply with all applicable local, state and federal requirements for humane standards of operation, maintenance and housing of animals and shall be subject to inspection by the Department.

Sec. 10. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

I hereby certify that this ordinance was passed by the Council of the City of Los Angeles, at its meeting of _____.
