SUMMARY:

Councilmember Joe Buscaino has requested that RAP accept the transfer of jurisdiction and control at no cost to RAP for a portion of City owned property parcel with the street addresses 1490 West Torrance Boulevard, Los Angeles, California 90501 (APN: 7351-025-900), to be developed and maintained as a pocket park. The property is owned by the City of Los Angeles and was acquired for street purposes and is currently under the control and jurisdiction of the DPW.

On January 15, 2013, the City Council adopted the actions under Council File No. 12-1701, instructing the GSD to complete the non-financial transfer to RAP of the parcel located at 1490 West Torrance Boulevard, Los Angeles, California 90501 with a APN: 7351-025-900 or more accurately described in the legal description prepared and approved by the Department of Public Works, Bureau of Engineering (BOE) included in the attached Transfer of Jurisdiction and Control document as Exhibit "A"

The adopted City Council actions also requested that the Board consider, approve and accept the transfer of jurisdiction and control of the same property and dedicate it as park property in perpetuity.

REPORT OF GENERAL MANAGER

PG. 3

NO. 13-025

Project development will include site furnishings, playground equipment, irrigation and landscaping and lighting. Park development will be done by RAP staff using Quimby funding.

Additional administrative actions will have to be taken as part of the designation or creation of this park. Currently, the property includes a portion that is a street with a portion that is a parcel. In order to correct or separate the street portion from the park portion a street dedication will be needed to eliminate the street portion from the park site. The street portion will not be used for park purposes and will continue to be used for street purposes. The legal description attached to the Transfer of Jurisdiction and Control document as Exhibit "A" represents the actual parcel that will be transferred and developed as a park and does not include the street. DPW has indicated that an ordinance will have to be prepared for City Council action. Said ordinance will be prepared by the DPW.

Upon approval of this Report, \$355,035 in Quimby Fees can be transferred from the Quimby Fees from the Quimby Fees Account No. 89460K-00 to the Denker and Torrance Account No. 89460K-A4 and allocated as follows:

- \$355,035 in Quimby Fees from Denker and Torrance Account No. 89460K-A4 for the Denker and Torrance Pocket Park Development Project (PRJ20716).

These Fees were collected within one mile of the project site, which is the standard distance for the allocation of the Quimby Fees for neighborhood recreational facilities.

Staff has determined that the proposed transfer and right to develop the property, along with the conveyance of a street easement and construction of proposed improvements to create a new pocket park, are all actions that are exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 3(6), Class 4(6, 7), Class 5(4) of the City CEQA Guidelines and Article 19, Section 15325(f) of the State CEQA Guidelines.

FISCAL IMPACT STATEMENT:

The maintenance cost of the Project has not been determined. Maintenance funds for the new parkland will be requested as part of the annual City budget process. If the funding is not granted, this facility will be included in the existing Pacific Region routes resulting in reduction of core functions on existing routes.

MOTION

There is great need for additional parks in the City of Los Angeles and the Harbor Gateway community in Council District 15. Studies have shown a correlation between lack of park space and increased rates of obesity and other health problems.

Given the City's ongoing budgetary challenges, every effort should be made to utilize existing City-owned land for the purpose of creating new parks, and increasing overall acreage dedicated to recreation and parks.

The City owns a vacant parcel of land at 1490 W. Torrance Boulevard in Council District 15 that would make a suitable location for a small pocket park.

Staff from the Department of Recreation and Parks has inspected the property and is willing to receive it. The Department also has funds available to renovate the property and make improvements.

I THEREFORE MOVE that the Department of General Services be instructed to effectuate a non-financial transfer of jurisdiction of the City-owned property located at 1490 W. Torrance Boulevard, Los Angeles, CA 90501, Assessor Parcel Number (APN) 7351025900 to the Department of Recreation and Parks.

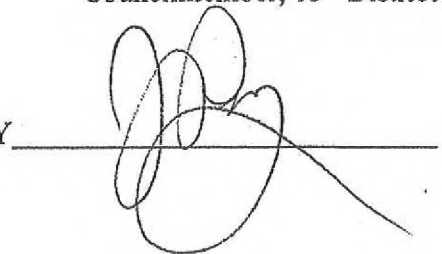

I FURTHER MOVE that the Board of Recreation and Parks be requested to consider, approve, and accept the transfer of jurisdiction of the city-owned property, located at 1490 W. Torrance Boulevard, and dedicate it as park property in perpetuity.
