ORIGINAL

MOTION

RULES, ELECTIONS & INTERGOVERNMENTAL RELATIONS

In past municipal elections the City has used garages and other spaces within private residences as polling places. The County of Los Angeles on the other hand regularly uses a range of public facilities as polling places in general elections, including the general election that took place on Tuesday November 6, 2012. Given the County's wide use of public facilities as polling places in general elections, it may be useful to explore the possibility of expanding the use of City facilities in future municipal elections.

I THEREFORE MOVE that the City Clerk be instructed to report with options and recommendations for utilizing City facilities such as fire stations, libraries, recreation centers etc. as polling places in the City's upcoming 2013 municipal election.
