I support the Party House Ordinance and hope the City enacts legislature to regulate and oversee the short term rentals in Los Angeles.

To the members of the PLUM Committee,

The City Attorney's office and LAPD need all the tools the City Council can provide them to crack down on residential homes being used professional Party Houses. I fully support Council Member David Ryu's Party House ordinance and my hope is that the PLUM committee unanimously supports it as well.

Our Laurel Canyon community faces numerous public safety hazards that are exacerbated by traffic and parking on substandard streets and smoking associated with professional party houses. The chronic nuisance these professional party house operations pose to their resident neighbors is also unacceptable.

Thank you for considering my comments on this matter.

Kristen Stavola
Laurel Canyon

Dear Nicholas,

Just a note of support for your ordinance.

I live on Lookout Mountain near the Wonderland School, next to a rental/party house. So I certainly appreciate your concerns for keeping our neighborhood safe and peaceful.

Thank you so much for your effort. I live at 8558 Lookout and my phone is [323 656-1512](tel:3236561512), should you ever want to contact.

Respectfully yours,

Dana Gladstone

I totally support the Ordinance. The party houses are making life very miserable for the Laurel Hills neighborhood. Thank you.

Party Houses in the hills are a real problem

Street and car traffic create dangerous conditions

They are a unsupervised hazard to residential neighborhoods

There have been instances of drugs and vomiting on my street where we have had a constant problem with a party house that has gone through many changes of tenancy but not ownership

As it is construction and traffic in the hills makes driving dangerous

Thanks for your consideration
