Subject: Renaming of Community area as Peru Village – CF 12-1914

The Bureau of Engineering has reviewed the application submitted to change the community name of a neighborhood in the Hollywood Melrose Area as Peru Village. This area is part of the Hollywood Community Plan and extends over parts of the communities commonly known as Hollywood and Melrose. The proposed area is partly in the Central Hollywood Neighborhood Council and partly in the Hollywood Studio District Neighborhood Council. This application would officially set the boundaries of the community.

There are approximately 951 properties with an estimated population from the 2010 census of 8,698 people. This community is entirely within Council District 13 except for one block which is within Council District 4.

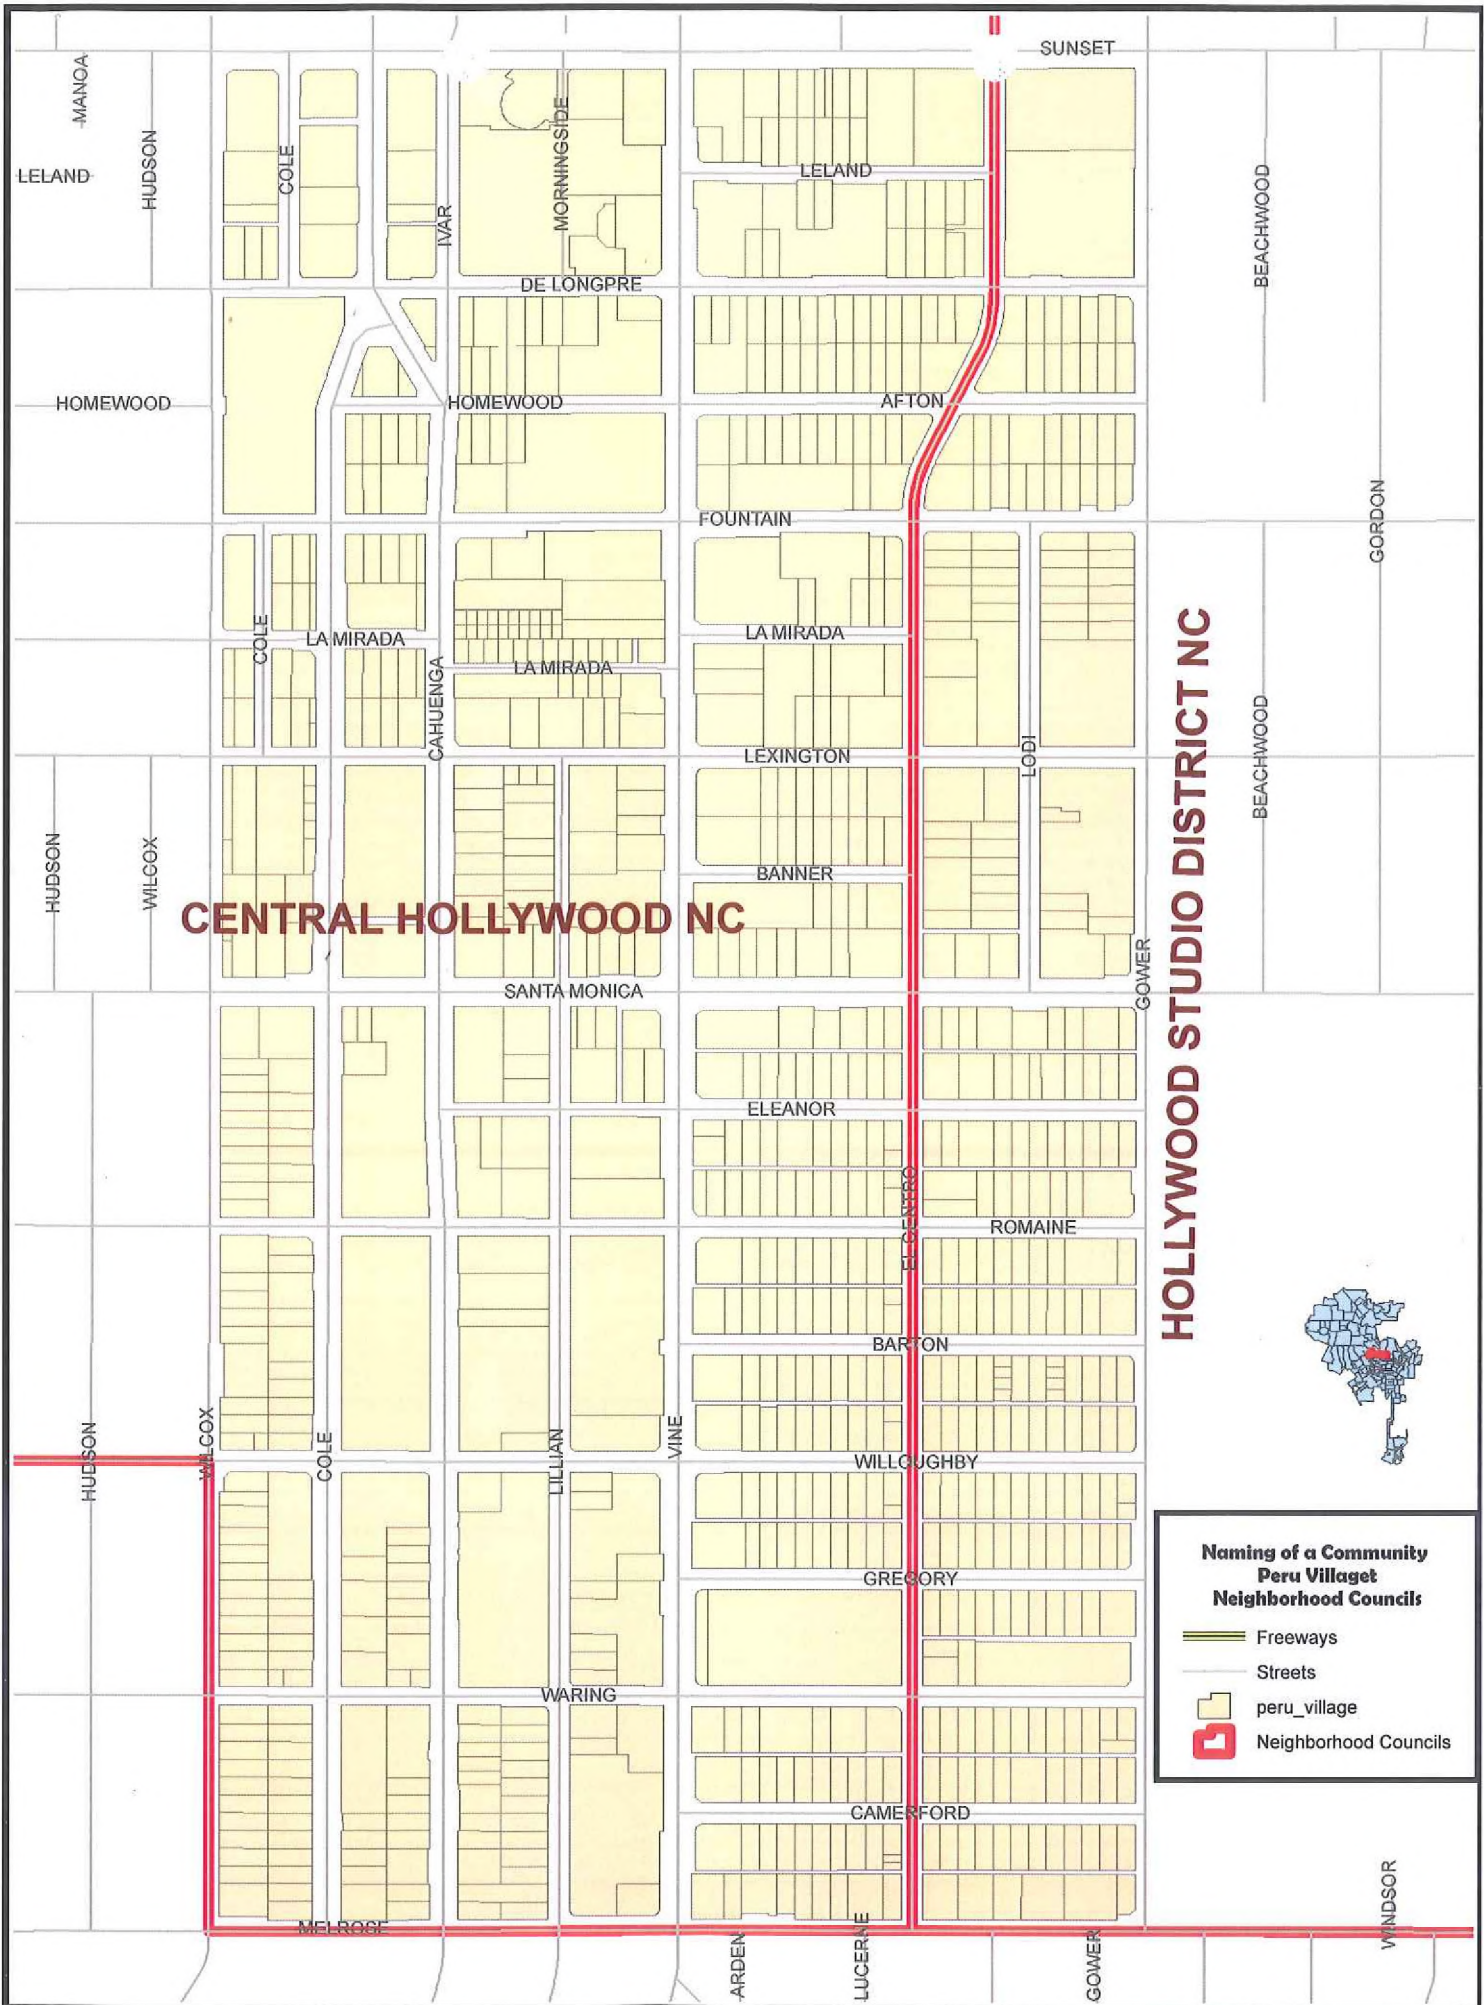

The attached maps show the parcels in the area that are proposed to be included in the new community as shown on the application and shows the boundaries of the neighborhood councils, council districts, community plans, and historical community boundaries.

The Bureau of Engineering has no additional pertinent information concerning the historical use of this name for this neighborhood in the community.

Contact Randy Price at (213) 482-7120 if you have any questions or need further assistance in this matter.
