Re: Realignment of City Departments

Dear Committee Members,

We are a residential development company that has been developing and building residential projects in Los Angeles since 1994. We are currently building 7 projects in Los Angeles and have many more in the process for permits.

We reviewed the proposed realignment of City Departments and we are in favor of the proposal. We are hoping that parts of DWP and the Housing Department will be considered in the realignment process as well.

I could not attend the meeting today but wanted to share our opinion with you. We believe that the realignment will help solve many problems and delays in the entitlement process and plan check process.

Thanks for taking the time to read this letter

Sincerely,

A handwritten signature in black ink, appearing to read "Shawn Shaw".
