\$60,000.00

DISCUSSION

This donation will benefit the Los Angeles Police Department and the Offices of the District Attorney and City Attorney by further analyzing the thesis question, "Are DUI arrestees with prior violent criminal history more likely than other DUI arrestees to cause death or injury in future motor vehicle crashes?" The study's findings will impact current policies by recommending either more or less aggressive criminal filing depending on the arrestee's prior history.

No expressed or implied commitments or promises were made to the donor or representatives of the donor. The donor will not receive any preferential treatment, endorsement, or recommendation; and the donor is not allowed the use of any Los Angeles Police Department patents.
