Summary:

At the public hearing held on April 16, 2013, the Planning and Land Use Management Committee considered a zone change request at 7941 North Ventura Canyon Avenue. After an opportunity for public comment, the Committee recommended that Council approve the report and recommendations of the NVAPC relative to Mitigated Negative Declaration and Ordinance effecting a zone change from RA-1 to (T)(Q)R3-1, for the demolition of two single-family dwellings, and the construction of a new 34-unit apartment building, five stories, an increase in height up to 56-feet in lieu of a maximum height of 45-feet, a reduced front yard setback of 12-feet lieu of the minimum 15-feet required and a reduced side yard setback of 6.4-feet in lieu of the minimum 8-feet required, for property located at 7941 North Ventura Canyon Avenue. This matter is now submitted to Council for its consideration.

As indicated in Recommendation No. 5 and pursuant to Section 12.32-J of the Los Angeles Municipal Code (LAMC), the applicant is hereby advised that:

" . . . whenever property remains in a "Q" Qualified classification for six years . . . after the effective date of the ordinance creating same without substantial physical development thereof for one or more of the uses first permitted herein having taken place within such time or if the Director of Planning determines that such development is not thereafter continuously and expeditiously carried on to completion, or if no physical development is necessary, without having been need for one or more of the purpose first permitted thereby, such Qualified classification and the authority contained therein shall become null and void, the rezoning proceedings shall be terminated and the property thereafter may only be utilized for those purposes permitted prior to the commencement of such rezoning proceedings."

Respectfully submitted,
