Subject: **COMMUNITY IMPACT STATEMENT SUBMITTED ON  
JANUARY 19, 2013**

To Whom It May Concern:

Attached please find a copy of a CIS which I prepared as Board Secretary of the NHWNC on January 19, 2013.

The current Board President has advised that per the City Attorney, this CIS has been rejected and as such, is no longer valid as a letter of support for Council File #13-0460.

I have checked the online Council File, have found the original CIS and nowhere does it state that this has been rejected. If you are not the proper person to whom this should be directed, please forward to the person who has the proper and correct information.

Time is of the essence and it is an urgent matter that the above be confirmed.

Respectfully,

A handwritten signature in cursive script, appearing to read "Debra Francisco".
