SUMMARY

At its meeting of June 2, 2014, the Budget and Finance Committee considered the CAO's Year-End FSR dated May 29, 2014. The CAO reports that the Year-End FSR provides an update on the projected year-end budget deficit, revenue shortfall and reserve fund status, and it highlights current issues of concern and the potential impact to the City. In addition, it provides an update on department revenues and expenditures, which includes recommendations totaling approximately \$99.53 million for appropriations, transfers and other budgetary adjustments, and status reports on the City's spending and savings efforts.

During discussion of this matter, CAO representatives presented an overview of the Year-End FSR, provided a revenue update, and responded to related questions from Committee members. Discussion continued with department representatives from the Fire Department, City Attorney, GSD, and Convention Center responding to questions related to their respective departments. CAO representatives requested approval of amendments related to sidewalk repair and a Controller representative requested approval of a transfer to GSD to pay for building maintenance required for overdue facilities repairs and upkeep.

After further consideration and having provided an opportunity for public comment, the Budget and Finance Committee recommended to approve the CAO recommendations contained in the Year-End FSR and add the amendments and instructions as reflected above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

BUDGET AND FINANCE COMMITTEE
