Case No. ENV-2012-2557-CE
DIR-2009-2556-DRB-SPP-MSP-A1

Dear Chair Huizar and Members of the Committee:

This office represents Mehdi Rafty, Tag Front, the applicant on the above-referenced project (the "Project"). The pending appeal of the Project is currently scheduled for a hearing before the Committee on August 6, 2013. However, the applicant and the appellants **jointly request a continuance** of the currently scheduled hearing to **August 20, 2013**.

The applicant and appellants have continued discussions that have the potential to lead to a resolution of this matter, and require additional time to consider their options. Additionally, Benjamin Reznik, counsel for the applicant, is out of town and will not return until August 12, 2013.

Thank you for your consideration.

Sincerely,

Mark Armbruster of
