CF-13-0964

Dear Chair Huizar and Honorable Councilmembers,

The Planning and Land Use Committee of the Arroyo Seco Neighborhood Council (ASNC) support the motion to investigate and address the safety concerns of apartment complexes built prior to 1978 on seismically unstable posts that are prone to collapse.

We request that the Planning and Land Use Management Committee support these efforts upon thorough review by all relevant City departments.

Thank you for your consideration of this matter,
