CIS: The Historic Highland Park Neighborhood Council supports the City's motion to begin identifying and accounting for wood-frame, soft story residential buildings built prior to 1978

The Historic Highland Park Neighborhood Council represents over 60,000 Los Angeles stakeholders who reside, own property, or conduct business in our neighborhood. On behalf of our stakeholders, and after much consideration and discussion with the applicant regarding the above mentioned conditional use permit, the Historic Highland Park Neighborhood Council (HHPNC) has concluded the following:

The HHPNC supports the identification and accounting of these buildings because as home to the City's largest Historic Preservation Overlay ZONE, the impacts of a natural disaster or earthquake would greatly affect residents and families in our community.

Sincerely,

Monica Alcaraz, President

Historic Highland Park Neighborhood Council
