At its meeting held on December 3, 2013, the Planning and Land Use Management (PLUM) Committee considered Motion (LaBonge - Huizar) and a Los Angeles Department of Building and Safety (LADBS) report relative to identifying and accounting for wood-frame soft-story residential buildings.

The Committee took the following actions:

1. Instructed the City Administrative Officer (CAO) and the Chief Legislative Analyst (CLA) to provide a report that will discuss what options are available to fund the request contained in the LADBS report and to put the request in context to other pending Motions that address surveys of other different types of structures.
2. Continued consideration of this matter until a report from CAO and CLA is submitted.

Please transmit the requested report to the City Council, c/o the City Clerk's Office, Room 395, City Hall **by Monday, December 16, 2013** and reference Council file No. 13-0964. To view the contents of Council file No. 13-0964, visit: <http://www.lacouncilfile.com>.
