C.F. No. 13-1300-53

RESOLUTION

Resolution providing that an initiative ordinance be submitted to the qualified voters of the City of Los Angeles.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOS ANGELES AS FOLLOWS:

Section A. The following initiative ordinance of the City of Los Angeles is hereby proposed to be submitted for approval by a majority of the qualified voters of the City of Los Angeles at a Special Election to be called on May 21, 2013, and consolidated with the City's General Municipal Election to be held on the same date:

ORDINANCE NO. _____

Pursuant to, and consistent with California law concerning medical marijuana, the City of Los Angeles shall enact an ordinance amending in their entirety Article 5.1 of Chapter IV, and Section 21.50, of the Los Angeles Municipal Code, in order to impose strict regulations on medical marijuana collectives to protect the health, safety, and welfare of the community, and to provide additional general tax revenues to help fund the regulation of medical marijuana collectives and necessary municipal services, including, but not limited to, police protection and crime suppression services, firefighting services, code enforcement, building inspections, and other municipal services as determined by the City Council.

WHEREAS, the Compassionate Use Act ("CUA"), adopted by California voters in 1996, and the Medical Marijuana Program Act ("MMPA"), enacted by the State Legislature in 2003, decriminalized the cultivation and use of marijuana by seriously ill individuals upon a physician's recommendation and provided California's qualified patients and their primary caregivers with specified immunities under state law, thereby helping to ensure that qualified patients and their primary caregivers, who possess and use marijuana for medical purposes, are not subject to criminal prosecution or sanction;

WHEREAS, commencing in 2007, numerous medical marijuana collectives opened storefront shops and commercial growing operations in the City without any consistent land use controls under the Los Angeles Municipal Code ("LAMC," "Municipal Code," or "this Code") and, since that time, an unknown number of these collectives continue to operate in Los Angeles, all without consistent and clear regulations from the City;

WHEREAS, the Los Angeles Police Department ("LAPD") has reported that, as the number of marijuana dispensaries and commercial growing operations proliferated without sufficient legal oversight, the City and its neighborhoods have experienced negative secondary effects, including an increase in crime at certain locations associated with unregulated marijuana collectives;

WHEREAS, there presently are no ordinances in the City of Los Angeles specifically regulating or monitoring the location, zoning standards, or other aspects of the locations and facilities where medical marijuana will be dispensed to eligible persons under state law;

WHEREAS, medical marijuana dispensaries continue to operate without reasonable regulation, thus threatening the interests of local neighborhoods and businesses, as well as negatively impacting those seriously ill residents of the City who require access to the palliative effects of medical marijuana;

WHEREAS, by implementing a fair and reasonable registration process for medical marijuana collectives, which will provide priority to those registrants who have acted and which continue to act in a responsible and law-abiding manner, the City will be able to maintain order while avoiding undue burdens on its already strained financial resources;

WHEREAS, the City has a substantial and clear interest in ensuring that medical marijuana is distributed in an orderly manner, and in protecting the public health, safety and welfare of its residents, its businesses, the neighborhoods in which medical marijuana collectives operate, while ensuring compassionate access by seriously ill residents to medical marijuana in accordance with the CUA and the MMPA;

WHEREAS, taxing medical marijuana collectives in the City will help to fund general municipal services, which may include but are not limited to, code enforcement, building inspections, police protection and crime suppression services, fire prevention and suppression services, which will facilitate the purposes of this law and which will fund necessary services as determined by the City Council;

WHEREAS, the regulations in this initiative do not interfere with a qualified patient's right to use medical marijuana as authorized under California law, nor do they criminalize the possession or cultivation of medical marijuana by specifically defined classifications of persons, as authorized under California law.

WHEREAS, medical marijuana collectives shall comply with all provisions of the Los Angeles Municipal Code ("Code"), California law, and all other applicable local laws; nothing in this initiative purports to permit activities that are otherwise illegal under state or local law;

WHEREAS, this initiative is not intended to conflict with federal or state law, nor is it intended to respond to or invite litigation over any unresolved legal questions posed by the California Attorney General or by case law regarding the scope and application of state law; it is intended that this initiative be interpreted to be compatible with federal and state enactments and in furtherance of the public purposes that those enactments encompass;

NOW, THEREFORE,

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

SECTION 1.

Section 21.50 of Article 1 of Chapter II of the Los Angeles Municipal Code is amended in its entirety to read:

Sec. 21.50. TAXATION OF MEDICAL MARIJUANA COLLECTIVES.

(a) No registration certificate or permit issued under the provisions of Article 1 or Article 1.5 of Chapter 2 of this Code, or the payment of any tax required under the provisions of Article 1 or Article 1.5 of Chapter 2 of this Code shall be construed as authorizing the conduct or continuance of any illegal business or of a legal business in an illegal manner. Nothing in this section implies or authorizes that any activity connected with the distribution or possession of cannabis is legal unless otherwise authorized and allowed by California and federal law. Nothing in this Section shall be applied or construed as authorizing the sale of marijuana.

(b) Every person engaged in operating or otherwise conducting a medical marijuana collective not otherwise specifically taxed by other business tax provisions of this Chapter, shall pay a business tax of \$60.00 for each \$1,000.00 of gross receipts or fractional part thereof.

(c) For purposes of this section, a "medical marijuana collective" means any activity regulated or permitted by Article 5.1 of this Code or Health and Safety Code sections 11362.5, *et seq.*, that involves transporting, dispensing, delivering, providing or manufacturing, compounding, converting, processing, preparing, storing, packaging, or testing harvesting, transporting, dispensing, delivering, providing, manufacturing, compounding, converting, processing, preparing, storing, packaging, or testing any part of the marijuana plant for medical purposes.

(d) For purposes of this section, "gross receipts" includes all amounts that would be considered gross receipts under section 21.00, including without limitation:

- (i) Membership dues;
- (ii) The value of in-kind contributions;
- (iii) Reimbursements provided by members, regardless of form;
and
- (iv) Anything else of value obtained by a medical marijuana collective.

(e) All taxpayers subject to this section must pay the full tax imposed by this section regardless of any rebate, exemption, incentive, or other reduction set forth elsewhere in the Municipal Code, except as required by California or Federal Law. No provision in the Municipal Code can lower the tax rate set forth in this section or otherwise reduce the amount of taxes paid hereunder unless the provision specifically states that the reduction applies.

(f) The City Council may impose the tax authorized by this section at a lower rate and may establish exemptions, incentives, or other reductions as otherwise allowed by the Charter and California law. No action by the Council under this paragraph shall prevent it from later increasing the tax or removing any exemption, incentive, or reduction and restoring the maximum tax specified in this section.

SECTION 2.

A. REGISTRATION.

1. Registration Required. No medical marijuana collective shall be subject to the limited immunity and operational requirements provisions of this article until it has filed an intent to register form in accordance with the provisions of this article, has paid all applicable registration fees, and its registration has been accepted as complete by the City Clerk.

Notwithstanding the above, medical marijuana collectives that register pursuant to priority registration provisions in Section 45.19.6.3 A.3 may operate during the registration process until such a time as their registration is denied or accepted by the City Clerk but for no longer than 6 months after the medical marijuana collective first filed its "intent to register form." 2. Registration.

i. The City Clerk shall create a registration form for medical marijuana collectives to file their notice of intent to register pursuant to this article. This form shall be titled the "Intent to Register Form".

ii. The City Clerk shall initially allow two periods for priority registration of medical marijuana collectives to register pursuant to this article. The second priority registration period shall begin no later than 45 days after the effective date of the ordinance and shall last 10 business days.

iii. No later than 270 days after the completion of the second priority registration period the City Clerk shall allow the registration of additional medical marijuana collectives in the City subject to the conditions of this article and subject to the registration requirements detailed in Section 45.19.6.3.

3. Priority Registration.

i. Beginning on the date that is seven (7) days after the effective date of this ordinance, and lasting for 10 business days, any medical marijuana collective that: (1) possesses a valid City of Los Angeles Tax Registration Certificate designation L050 - with an issue date on or before October 9, 2012; (2) possesses a valid City of Los Angeles Tax Registration Certificate designation L044 - with an issue date on or before October 9, 2012; (3) possesses a valid City of Los Angeles Tax Registration designation L049 - with an

A.3(ii) have registration priority over those registrants provided priority under Section 45.19.6.3 A.3(i). The City Clerk shall provide registration priority to medical marijuana collectives who operated in the City longer. In order to determine the length a medical marijuana collective has operated in the City, the City Clerk shall use the earliest issue date appearing on any required City Tax Registration Certificate provided by the registrants during the medical marijuana collective's registration to determine the priority order in which the City Clerk will complete registration of medical marijuana collectives.

ii. The date each medical marijuana collective registration is deemed completed by the City Clerk shall determine priority in the operation of a medical marijuana collective pursuant to the zoning prohibition in Section 45.19.6.3 B(5).

requirements of this article; may submit its notice of intent to register with the City Clerk pursuant to the general registration.

6. Modification of Intent to Register Form and Registration.

i. The City Clerk shall allow a medical marijuana collective, which timely submitted an intent to register form, the ability to amend its intent to register form, as needed, and in compliance with this article.

ii. After the completed registration of each medical marijuana collective, the City Clerk shall allow each registered medical marijuana collective the ability to update its registration, as needed, and in compliance with this article.

B. OPERATIONAL REQUIREMENTS.

A medical marijuana collective shall be immune to the prohibition set out in Section 45.19.6.2 and the remedies set forth in Los Angeles Municipal Code Section 11.00, including criminal prosecution, so long as that medical marijuana collective is registered as pursuant to Section 45.19.6.3 above and complies with the following operational requirements:

religious institution and any other registered medical marijuana collectives;

iii. The distances specified in this paragraph shall be the horizontal distance measured in a straight line from the property line of the school, public park, public library, religious institution, licensed child care facility, youth center, substance abuse rehabilitation center, or other medical marijuana collective(s), to the closest property line of the lot on which the medical marijuana collective is located without regard to intervening structures;

6. The medical marijuana collective may not be more than 30 days past due on its City taxes from the date it first submitted its intent to register form;

7. The medical marijuana collective shall not cease operation in the City for more than a 90 day period of time from the day it first submitted its intent to register form, as evidenced by its self-reported disclosures to the City, by City field inspection, by lack of activity on its utilities bills, by the return to the City by the U.S. Postal Service of mail sent to the business by the City, or by confirmation from the Los Angeles Police Department or any law enforcement agency of a closure arising out of a law enforcement proceeding;

14. Prior to being offered a position of management or employment at a medical marijuana collective, an applicant for a position of manager, volunteer, or employee of the medical marijuana collective who dispenses medical marijuana must submit and successfully pass an annual LAPD Live Scan background check by December 31 of each year in order to be employed at the medical marijuana collective. A failed LAPD Live Scan is any Live Scan that shows a felony conviction having occurred within the past 10 years and/or shows that the manager, volunteer, or employee is currently on parole or probation for the sale or distribution of a controlled substance;
