Summary: Each Neighborhood Council should have the right to opt in or opt out of street vending. If vending is approved in Encino, there should be a maximum of 4 vendors per mile, limited to commercial streets, parks and transit hubs. No vending should be allowed within 500 feet of schools or on strictly residential streets. The County of Los Angeles Health Department should supervise food vending with periodic on-site monitoring. Given consideration to these recommendations, the ENC PLU would accept City Legalization and Oversight of Street Vending.
