**Subject:** supplemental in for report

Felipe,

I am forwarding a few scanned files. You will find an attachment with the sign in sheets for the workgroups that you attended. I had to black out peoples contact information because street vendors are very wary about sharing their information with anyone. I hope you understand. Also, I am attaching scanned copies of the business owners petitions of support. I am still looking for the notes that I have regarding where vendors shop. I will try to re-type them some time this afternoon. Thanks a lot for joining the vendors in our meeting. They really appreciate the space where they could be heard.

**Street vending in Los Angeles** is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy.

Legalizing the vending of food for Los Angeles entrepreneurs will advance small business growth, will help create vibrant and safer neighborhoods, and will expand access to fresh, healthier, and affordable foods.

☐ As a **resident**, I support the legalization of street vending in the city of Los Angeles, because it will improve the quality of life of vendors and community members.

☒ As a **business owner**, I support the legalization of street vending, as I feel it will help the local economy and will help level the playing field between vendors and established businesses.

La venta ambulante en Los Angeles es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.

Los Angeles is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy.

Legalizing the vending of food for Los Angeles entrepreneurs will advance small business growth, will help create vibrant and safer neighborhoods, and will expand access to fresh, healthier, and affordable foods.

**La venta ambulante en Los Angeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.

**Street vending in Los Angeles** is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy.

Legalizing the vending of food for Los Angeles entrepreneurs will advance small business growth, will help create vibrant and safer neighborhoods, and will expand access to fresh, healthier, and affordable foods.

☐ As a **resident**, I support the legalization of street vending in the city of Los Angeles, because it will improve the quality of life of vendors and community members.

☒ As a **business owner**, I support the legalization of street vending, as I feel it will help the local economy and will help level the playing field between vendors and established businesses.

La venta ambulante en Los Angeles es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.

**La venta ambulante en Los Ángeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local. 10/29

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

Felipe,

I am forwarding a few scanned files. You will find an attachment with the sign in sheets for the workgroups that you attended. I had to black out peoples contact information because street vendors are very wary about sharing their information with anyone. I hope you understand. Also, I am attaching scanned copies of the business owners petitions of support. I am still looking for the notes that I have regarding where vendors shop. I will try to re-type them some time this afternoon. Thanks a lot for joining the vendors in our meeting. They really appreciate the space where they could be heard.

**La venta ambulante en Los Ángeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad a veces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local. 10/28

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.

**Street vending in Los Angeles** is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy.

Legalizing the vending of food for Los Angeles entrepreneurs will advance small business growth, will help create vibrant and safer neighborhoods, and will expand access to fresh, healthier, and affordable foods.

☐ As a **resident**, I support the legalization of street vending in the city of Los Angeles, because it will improve the quality of life of vendors and community members. .

☒ As a **business owner**, I support the legalization of street vending, as I feel it will help the local economy and will help level the playing field between vendors and established businesses.

**Street vending in Los Angeles** is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy. 10/26

Street vending in Los Angeles is part of the history, culture, and economy of our city. Estimates show that there are over 10,000 street vendors in our communities. Food vending offers employment and opportunities for business ownership for thousands of entrepreneurs. These entrepreneurs have been struggling for decades as they experience discrimination, attacks on their livelihood, excessive fines, and even arrests. Our city currently criminalizes sidewalk vendors. We believe that these laws are negatively impacting vendors, community members, and the overall L.A. economy.

Legalizing the vending of food for Los Angeles entrepreneurs will advance small business growth, will help create vibrant and safer neighborhoods, and will expand access to fresh, healthier, and affordable foods.

☐ As a **resident**, I support the legalization of street vending in the city of Los Angeles, because it will improve the quality of life of vendors and community members.

☒ As a **business owner**, I support the legalization of street vending, as I feel it will help the local economy and will help level the playing field between vendors and established businesses.

**La venta ambulante en Los Ángeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

**La venta ambulante en Los Ángeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.

**La venta ambulante en Los Ángeles** es parte de la historia, cultura y economía de la ciudad. Se estima que hay más de 10,000 vendedores ambulantes en nuestras comunidades. La venta ambulante de comida ofrece empleos y oportunidad de negocio para miles de empresarios. Estos empresarios luchadores por muchos años han sufrido discriminación, ataques contra sus negocios, multas excesivas y hasta encarcelamiento. Las leyes de nuestra ciudad aveces no ayudan al más necesitado si no que obstruyen el crecimiento de la economía local.

La legalización de la venta ambulante de comida para los empresarios de Los Ángeles avanzara el crecimiento de pequeños negocios, va a crear vecindarios más bellos y seguros y ampliara el acceso a comidas frescas, más saludables y económicas.

☐ Como **residente**, yo apoyo la Legalización de la venta ambulante de comida en la ciudad de Los Ángeles, porque va a mejorar la calidad de vida de vendedores y miembros de la comunidad.

☒ Como dueño de un **negocio pequeño**, apoyo la legalización de la venta ambulante, ya que la regulación de la venta ayudara la economía local y ayudara a nivelar el campo de juego entre vendedores y negocios ya establecidos.
