Dear City Clerk,

May I suggest that the cat limit motion 13-1215 on the agenda this Tuesday also include stricter spay and neuter requirements, excluding only cats with medical issues that would preclude S/N. Our shelters are overburdened by the amount of healthy cats euthanized daily whose only crime was being born. I can only hope that those rescuers or residents etc that care to house more than the existing 3 cats, would agree to this addition to the amendment.

Thank you,
