Message: I support the Citizens for Los Angeles Wildlife initiative to create an ordinance that will include: A city-wide ban on the sale and purchase of anticoagulant rodenticides. A prohibition of the municipal, commercial, industrial, professional and private use of anticoagulant rodenticides particularly in our hillsides and other ecologically-sensitive areas and/or within 100 feet of parks, school zones, playgrounds and play structures. A system of punitive fines to be instituted to support this ordinance, with additional fines for rodenticide usage in hillsides and ecologically sensitive areas.
