

Mayor Eric Garcetti and Los Angeles City Council

Dear Mayor Garcetti and City Councilmembers:

Please support **Case #13-1580** - Councilmember Paul Koretz (CD5) and Councilmember Tom LaBonge (CD4) co-authored motion for the Department of Recreation and Parks and other city Departments to report to the City Council on the policies and procedures that dictate the use of poisons to control the rodent population in the parks and hillside areas of LA, including the Santa Monica Mountains, Hollywood Hills & Griffith Park.

I would further **support an ordinance that includes:**

- A city-wide ban on the sale and purchase of anticoagulant rodenticide.
- Prohibit the municipal, commercial, industrial, professional and private use of anticoagulant rodenticide particularly in our hillsides and other ecologically sensitive areas and within 100 feet of parks, school zones, playgrounds and play structures.
- A system of fines be instituted to support this ordinance with increased fines in our hillsides and ecologically sensitive areas as well as within 100 feet of our parks, school zones, playgrounds and play structures.

7.	Michael Hoover	Los Angeles, CA	
8.	George Theobald	Cooktown, Australia	
9.	Tony Tucci	Los Angeles, CA	I believe the City of LA has the compassion and influence to eliminate this method of pest control. We do not pour our motor oil down the storm drain to poison the ocean; so likewise we must not bait and create a toxic rat or gopher to wandering off poisoning our hillside ecology and environment. Let's embrace alternative methods, support animal welfare and ban it, dammit!

655.	Skip Haynes	LA, CA	Anticoagulant Rodenticides will be as big an issue as were DDT and Agent Orange. The public needs to know about this then become involved. There is a corporation called Rekind Benckiser that is literally poisoning the United States - and probably the rest of the world. This ordinance will help force them to do the right thing. Check out our info on this problem at <a href="http://www.clawonline.org/Rodenticide.html">http://www.clawonline.org/Rodenticide.html</a>

<b>Name</b>	<b>From</b>	<b>Comments</b>
2,029. Gayle Marsh	Lebanon, TN	I am horrified that a poison like this would even be allowed to be on the market in the first place! To expose animals and children to anything so potent is utterly irresponsible!
2,030. LUANN SCHULTE	Hutchinson, MN	
2,031. Sherri Martin	Gillette, WY	
2,032. L. Grenfell	Davison, MI	
2,033. April Shalen	Vancouver, Canada	This horrible toxin is killing more than its intended victims: family pets and wildlife who ingest a rat (or other creature) who's ingested the toxin in question will also experience a horrible demise. The substance is obviously not that easily contained and it's possible for human children to suffer as well. In addition to all the 'accidental' or 'secondary' deaths (or tertiary deaths, as mentioned in the petition text) that this deadly substance is responsible for, I have to add that it's a cruel demise for any sentient creature, including the primary target, the rats.

2,284. Melinda Hass	Los Angeles, CA	
2,285. Stephanie Pappas	Ventura, CA	Please help protect our environment. California wildlife is declining dramatically, what's left is struggling to survive in stressed conditions. human impact has taken a toll; loss of habitat, drought conditions, minimal food resources, and toxic pollution. Poison and pesticides are critically impacting our environment, wildlife and humans. The number of animals observed suffering from rodenticides and other pesticides in California is at an all time high. Please tell or parks department, local schools and government agencies to stop using rodenticides. There is no responsible use of these toxic poisons
2,286. Laura Weekes	Los Angeles, CA	My dog got poisoned by this bait in Griffith Park! I was lucky that I was right there and knew what to do. The wildlife is not so lucky.
2,287. Melodie Starkey	Aurora, IL	Please consider a safer, more natural pesticide. Our wildlife, pets, and children are too important to risk!
2,288. Marci Boudreau	Los Angeles, CA	
2,289. Tamaras Abrams	Eureka, CA	This is atrocious. Rats happen, spayed and released feral cats are a great way to keep their population under control!
2,290. Joe Stevens	Austin, TX	
2,291. Elaine Jesmer	Los Angeles, CA	Just wondering if a lawsuit against the City on behalf of the animals wouldn't be a quicker solution. Petitions take too much time when lives are in the balance...
