Dear Councilmember O'Farrell and Honorable Members of the APHAR Committee,

I am a Citizen for Los Angeles Wildlife and I support CLAW's request to remove dangerous rodent poisons from Los Angeles as they poison untargeted wildlife, domestic animals and children. I request that the City Council:

- Instruct its agencies to stop the use of anticoagulant rodenticides particularly in our parks, wilderness areas and environmentally sensitive areas.
- Create a prohibition or implement drastic reductions of the municipal, commercial, industrial, professional and private use of anticoagulant rodenticides particularly in our hillsides and other ecologically-sensitive areas and/or within 100 feet of parks, school zones, playgrounds and play structures.
- Implement a system of punitive fines to be instituted to support protections particularly for rodenticide usage in hillsides and ecologically sensitive areas.

Sincerely,

Kate Dick

8010 Padre Lane

Los Angeles CA 90046
