Re: COUNCIL FILE 13-1580 – Rodenticide

Dear Mayor Garcetti and Chairman O'Farrell and Honorable Members of the APHAR Committee,

Rodents are certainly a problem, but current control unfortunately kills much wildlife it's not intended to harm. There has to be more effective and intelligent methods to control rats. I'd certainly be in favor of some investment in science to this end.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathleen Naples", with a large, sweeping flourish at the end.

Kathleen Naples
