To: Councilmember O'Farrell
Arts, Parks, Health, Aging and Rivers Committee

I support the **Citizens for Los Angeles Wildlife** initiative to create an ordinance that will include:

- A city-wide ban on the sale and purchase of anticoagulant rodenticides.
- A prohibition of the municipal, commercial, industrial, professional and private use of anticoagulant rodenticides particularly in our hillsides and other ecologically-sensitive areas and/or within 100 feet of parks, school zones, playgrounds and play structures.
- A system of punitive fines to be instituted to support this ordinance, with additional fines for rodenticide usage in hillsides and ecologically sensitive areas.

Sincerely,

Daniel Vergara
