Dear Councilmen Koretz and LaBonge:

I write in strong support of your efforts to stop the City of Los Angeles from using anti-coagulant rodenticides as part of its own vector control program, as well as banning rodenticides from retail stores within two miles of the Santa Monica Mountains and stronger efforts to educate homeowners and residents about the devastating effects of these poisons on our wildlife as embodied in the cougar known as P-22. Please adopt the strongest possible measures to prevent additional wildlife from suffering this horrible fate. Thank you for considering my views.

Donald W. Wallace, L.A.F.D. Capt. II, retired
