

TRADE, COMMERCE, AND TOURISM COMMITTEE REPORT relative to to the Los Angeles International (LAX) Airport Air Quality and Source Apportionment Study results on ultrafine particles (UFPs); existing studies on possible health impacts; and the environmental mitigation efforts undertaken to lessen the impacts of operations, both jet and vehicle-related.

Recommendations for Council action, pursuant to Motion (Bonin - Blumenfield), SUBJECT TO THE CONCURRENCE OF THE MAYOR:

1. INSTRUCT the Los Angeles World Airports (LAWA) to report to the City Council on the LAX Air Quality & Source Apportionment Study results on UFPs as well as existing studies on possible health impacts; and that LAWA provide an overview of the environmental mitigation efforts undertaken to lessen the impacts of operations, both jet and vehicle-related, that produce emissions, including ultrafine particles, in the surrounding communities.
2. RESOLVE to include in the City's 2013-14 Federal and State Legislative Programs, SUPPORT for Legislative actions that investigate health impacts of UFPs and establish standards for safe levels.
3. REQUEST the LAWA to consider working with local public health agencies to create a health study of the long-term health conditions of LAWA employees and retired employees.
4. INSTRUCT the LAWA to work with environmental regulators and monitors to look into what other airports and jurisdictions with high UFP emissions are doing around the country and around the world to protect residents from this kind of air pollution, and provide recommendations for further mitigation efforts.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

## SUMMARY

At a regular meeting held on January 28, 2014, the Trade, Commerce and Tourism Committee considered a Motion (Bonin - Blumenfield) relative to the Los Angeles International Airport Air Quality and Source Apportionment Study results on ultrafine particles; existing studies on possible health impacts; and the environmental mitigation efforts undertaken to lessen the impacts of operations, both jet and vehicle-related. An overview of the matter was provided by LAWA staff. During the discussion of the item, Councilmember Bonin provided additional recommendations to be considered, as listed above in Recommendations 2 and 3.

An opportunity for public comment was held. After further discussion of the item, the Committee moved to approve the recommendation contained in the Motion with the additional instructions presented in the meeting. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

TRADE, COMMERCE, AND TOURISM COMMITTEE
