Item Number:

Summary: Our Neighborhood Council supports a 90-day pilot program for a controlled street racing location in the Harbor area in order to reduce the amount of illegal street racing and street takeovers. To that end we support this Council File to have the City report on current costs for responding to illegal street racing activities and for the City Attorney to report on any liability if the street racing were to occur on City property.

Re: Council File 14-0054 (Controlled location for street racing)

Dear Councilmembers Buscaino and Harris-Dawson:

On May 9, 2017, our Board voted 10-0-0 to support Council File 14-0054 to complete the report on the annual costs which are associated with responding to illegal street racing activities and to have the City Attorney report on any potential liability issues associated with holding a City-sanctioned street racing event on City property as proposed by Donald Galaz of Project Street Legal.

Our Board supports the proposal to create a 90-day pilot program to test the viability of using a controlled location on Port of Los Angeles or Long Beach property or on a similar site which would help to reduce the amount of illegal street racing and street takeovers which we have experienced throughout the HGNNC area.

Sincerely,

Hannah Woods, Corresponding Secretary  
Harbor Gateway North Neighborhood Council
