RE: Second Dwelling Repeal Ordinance Public Comment (CF: 14-0057-S8)

Dear City Councilmembers:

This petition contains over 200 signatures and important, thoughtful comments from Los Angeles residents, YOUR CONSTITUENTS who WANT Accessory Dwelling Units, who WANT AB 1866 and who WANT true reform to permit the 50,000 unpermitted units in our city and create more housing options. You MUST VOTE YES to repeal the old "Grannyflat" ordinance, re-instate AB 1866 and begin the process to eliminate the outdated covered parking and setback requirements so we may have more, safe housing options, that our city so desperately needs.

Sincerely,

Ira Belgrade
20 year homeowner

Beth Steckler	Los Angeles, CA	2016-05-24	ADUs can help both homeowners and renters by making available more places to live. This is a smart strategy for addressing the housing crisis.
Carla Truax	Santa Monica, CA	2016-05-25	We need more housing options to build community, solve problems together, and cope with the housing crisis.

Suzan Fellman	Los Angeles, CA	2016-05-25	I believe that Los Angeles would benefit greatly from allowing ADU's
Matt Jacobs	Los Angeles, CA	2016-05-26	Housing in LA is too expensive. Accessory dwelling units are an efficient way to add affordable units across the city.

Archie Gollman	Los Angeles, CA	2016-05-26	I'm 75 years old and need family near me to help me stay in my home.

Laura Alvarado	Sylmar, CA	2016-05-28	I'm singing because we need more houses.
Carla Ford	Los Angeles, CA	2016-05-30	I'm signing bc home owners should be able to use their property as they wish, whether for income, to ease the housing crisis or for any other purpose that doesn't interfere with the rights of their neighbors.
Marc Milkin	Los Angeles, CA	2016-05-31	I support creative space management and owners' rights.
Adam Biesk	Los Angeles, CA	2016-05-31	I think this Bill is a good idea
Maria Ruiz	San bernardino, CA	2016-06-01	Is great way to help the community
Evita Chavez	Los Angeles, CA	2016-06-01	Great bill by Senator Wieckowski
Dana Cuff	Santa Monica, CA	2016-06-01	I'm signing because I've dedicated my career to affordable housing. We need this tool -- backyard homes-- and the sooner the better.
Will Wright	Los Angeles, CA	2016-06-01	If it wasn't for ADU's, my little home in Angeleno Heights would not exist. Let's make sure that future Angelenos also have places to live.
Nirad Gupta	Los Angeles, CA	2016-06-01	Legalizing ADUs is the best way to create market-rate housing units that are affordable.
John Perfitt	Los Angeles, CA	2016-06-01	ADUs are a great tool and the current local requirements, especially setbacks make zero sense to me when trying to facilitate infill development.
Chris Loos	Los Angeles, CA	2016-06-01	This is a simple, elegant solution to providing much needed additional housing during the current shortage.
Gerhard Mayer	Los Angeles, CA	2016-06-01	I would like to build a legal ADU on my property!

Darryl Hicks	Los Angeles, CA	2016-06-02	This city needs to get its shit together
John Southern	Los Angeles, CA	2016-06-02	The R1 zoning in L.A. is an outdated model for density. Let's try this and see what happens.

MANORI SUMANASINGHE	Los Angeles, CA	2016-06-02	Both my husband and I are professionals and we can't afford to even think about owning a home. At this rate we will not be able to live in LA anymore
Nelson Abreu	Lauderhill, FL	2016-06-02	90012 resident - standing with the poor & middle class and smart policy makers and architecture designers
Elizabeth Timme	Los Angeles, CA	2016-06-02	ADUs are a hundred year old contextual housing typology for Los Angeles infill and density.
adam dunn	los angeles, CA	2016-06-02	Quickly Increasing housing supply is the key to addressing LAs housing issues. We can't build new construction fast enough to satisfy the demand. Easily permitted ADUs are a great way to relieve some pressure in the short term, giving both homeowners and renters options.
Claude Eshaghian	Los Angeles, CA	2016-06-02	Accessory dwelling units are just a great idea!
Michelle Chaplin	Los Angeles, CA	2016-06-03	I want an ADU too!
Bryan Oknyansky	Camden Town, United Kingdom	2016-06-04	I'm signing because working with what you have can be more sustainable than starting from scratch.
Alex Motamedi	Porter Ranch, CA	2016-06-06	This is needed to help with affordable housing
gary moran	Santa Monica, CA	2016-06-07	i think given the housing shortage people who own homes should be able to put another unit so they can help.
John Gregorchuk	Los Angeles, CA	2016-06-08	LA Needs housing. Don't let the wealthy minority tell 10 million Angelinos to find a new city.
John Gregorchuk	Los Angeles, CA	2016-06-08	Please call your Los Angeles City Council member and urge them to support AB 1866. This is the best way to make a sustainable Los Angeles. LA Building codes requires all new ADUs to meet Green Development Standards (Solar, EV Chargers, Rain Collection, Insulation, etc...) and Safety codes (Setback, fire safety, etc...).
Tracy Newman	Los Angeles, CA	2016-06-10	I want to have more reasonable freedom with my property. This is totally reasonable.
James Burch	Los Angeles, CA	2016-06-11	I would love to convert my garage to a studio space.
Ester Rosenbaum	Jerusalem, Israel	2016-06-14	My kids live in Los Angeles they would love to convert their garage so we will have our own dwelling when we visit :
Christine Gregorchuk	Los Angeles, CA	2016-06-14	The housing crisis is out of control. There are homeless without any options. It is also not right to take away a person's rights to build on their own property.
Vinit Mukhija	Los Angeles, CA	2016-06-16	I'm signing because we need practical ways to upgrade and legalize existing unpermitted ADUs
Tony Harris	Santa Monica, CA	2016-06-20	Ira asked me to.
Jo Osika	Los Angeles, CA	2016-06-23	An issue for my home as well.

michael evans	Sebastopol, CA	2016-06-24	Thank you IRA!!!! This is exactly what we NEED in sonoma county... I tried to cause this change locally but to no avail.... This is much better... STATEWIDE!!! Lets get everybody to sign this!! Also the permit fees for granny units or other dwellings must be seriously reduced!! Wow... Imagine the tremedous positive impact with the current housing shortage and high cost of rent everywhere ..... Families could stay together, especially the elderly and the young who can't afford to live on their own yet, homeowners could supplement their income having a little rental to keep up with the mortage!! EVERYONE.... THIS IS HUGE PROGRESS.... PLEASE SIGN AND SPREAD THE WORD!! We too want our ADU!!! Again, THANK YOU IRA!!!!
Bettina Sherick	Los Angeles, CA	2016-06-25	I'd like to convert my detached garage into a guest unit. The house was built in the 20's, and you can't even drive a car to it because the driveway space is too narrow. Hope this happens!
Monique Carrabba	Los Angeles, CA	2016-06-28	I support this but do not have a Garage Conversion. Lets make it happen!
Monique Carrabba	Los Angeles, CA	2016-07-09	We need more affordable housing and garage conversions are a part of the answer!
Gail Nabity	Omaha, NE	2016-08-10	I annoy find affordable housing here and would like to have a garage conversion or tiny house on a shared property to truly have affordable housing.
Rick Frazier	North Hollywood, CA	2016-08-13	I believe that these proposed laws will help create a path to get existing structures permitted and allow home owners to add affordable living units for their families or to rent out which benefits the home owner and the renter. There is an extreme shortage of rental units in LA and having legal units will also help people trying to purchase homes as the rental income can help to afford a mortgage.
Piruza Papazyan	Los Angeles, CA	2016-08-14	I am signing because I believe in Affordable Housing. Thanks
