- 4. Government Representative Updates:** The latest information from representatives of the offices of Mayor Garcetti, Councilman Bob Blumenfield (CM BB), Congressman Brad Sherman (CMN BS), State Senator Fran Pavley (S FP), State Assemblyman Matt Dababneh (ASM MD), the LAPD, LAFD, LAUSD, Dept. of Neighborhood Empowerment (DONE), Board of Neighborhood Commissioners (BONC), and any other local, state, or federal agencies in attendance. [5 min each, 20 min max]

Officer Maldonado- Crime rate has risen since last year. Property crimes 8.6% increase. Total crimes 11.2% increase. Do not leave anything in your vehicles. People pretend to be door to door salesmen and break into homes. Get to know your neighbors so you have a support system. He had a flyer with a community alert about traffic accidents in the area. There are many accidents, which means there is pressure on the officers to issue more citations. One of the main reasons for accidents is distracted driving from the use of cell phones. Nixle.com gives alerts by cell phone about accidents in the area. You can also access other parts of the country with this app. He encouraged us to dial 311 for pickup of discarded furniture and removal of graffiti. If you become a member of Neighborhood Watch you will receive a blotter with information about what is going on in the area.

5. Presentation by Pacific Lodge Youth Services RE: Free Conservation Programs

- Pacific Lodge Youth Services has a team of students who are working to connect business and residential stakeholders with rebates and incentives. The team includes foster youth and their advisors who shared information on the rebate and incentive programs currently available through the LADWP. Thousands of dollars in savings are available through these programs for those who install a variety of specially designed equipment. Free information is available.
- Carol Hart introduced the volunteers who are giving talks to community groups about ways to save water. Arianna runs the group and part of their goal is to do outreach. She passed out flyers to the group. Two young men read ways the community can save water. Community members can go online to sign up for water saving incentives with the LADWP.

- 6. Public Comments:** Comments from the public on any items not specifically listed on this agenda. Board Members should not address or discuss these comments other than to direct matters to the appropriate Winnetka NC committee or other government agency. [3 min each, 15 min max]

- Scott Schmerelson-** Candidate for LAUSD School Board. He will be a full time member and will not be running for any other office. He has always worked at schools. He has been with the district for 35 years. He spoke about Restorative Justice in the schools which has

reduced suspension rates. He is fiscally conservative. He would not have allowed the billion dollars spent on ipads. He would bring back personnel to schools such as nurses and counselors. His main goal is that the schools return to being the center of the community. The election is Tuesday May 19th.

- **Glenn Bailey-** All members are invited to attend Valley Alliance meetings. He wants to restart the effort to get a bike lane installed on Winnetka Ave. It won't happen unless we initiate it. He is asking us as a committee to take action on this issue. We need to get Winnetka Ave. designated as a backbone of the network of bicycle lanes. We can direct our communication to Selita Reynolds at DOT. Holly concurred that the DOT is waiting for the community to speak up. This item will be sent back to our Public Works and Transportation Community to follow up. David will put it on the agenda.

7. President's Report (Lewis)

- WNC Outreach funds from FY' 13-14 approved by City Council
- We have received almost \$6,000 from DONE to pay our bills.
- LA City Education and Neighborhoods Committee Town Hall, 5/9/15, re: Council File #15-0524 (Wesson-O'Farrell) Glenn attended. There were approximately 40 people in attendance. He handed out a flyer with information. This motion covers 4-5 points regarding Neighborhood Councils. This motion will probably be sent to City Council in a week. If not, we can submit a CIS at a later date.

8. Vice-President's Report (Lace)

- NC Presidents' round-Table Discussion: Stipulations Worksheet & Other Topics of Interest, 4/24/2015 Erick Lace attended. Anybody can come, but this is an effort to get all the presidents of NCs together to share information. Stipulation worksheet was discussed. It can override the bylaws. Voting by mail and online was discussed. Our committee has not passed any resolution on this subject. There is no money attached but they wanted to know how the NCs felt about this. They are trying to get a greater turnout for elections. Another suggestion was to have a common seating of July 1 for all NCs, even though the elections occur over a three month period. Glenn said that the rationale is that when you seat a new board on July 1, each NC can finish up their fiscal year without interruption. They want only one legal liaison from each NC, namely the president, to call for any legal issues or questions.

CONSENT CALENDAR

Any items not agreed to shall be moved to the end of the agenda for further consideration.

9. The Winnetka NC shall have a free outreach booth at the *Salute to Kids*, at Lanark Park, from 10am-2pm, on Sat., May 16, 2015.

REPRESENTATIVE REPORTS

Discussion and board action is possible on the following Winnetka NC Representative reports.

14. LA City Council District 3 Beautification Action Team Liaison (Ross-Blumer) [5 min]

Discussion and possible action regarding the discovery that many species of trees in LA are becoming infected with diseases, including bacterial leaf scorch on many of Winnetka's liquid amber trees growing along Mason Ave. There is a motion before the City Council (File #15-0467) Bettie made a motion to support this City Council motion with a CIS in full support. John seconded.
WNC-2015-051215-02

Discussion: Steven thinks trees make the neighborhood really nice. He is concerned that we are asking people not to water their lawns and now if we put these trees in, they may not get properly watered. Residents may also take them out. He thinks it is fiscally irresponsible. Tom: He favors putting in trees but thinks people should be able to put in what trees they want. Bettie: She has many trees in her yard and they don't need too much watering. If we put in drought tolerate trees, it can make a huge difference in our community. John: The motion on the floor is to support the study of the issue and get a report back. Erick: He is losing a tree now in his yard because it is not the right kind. Mary Ellen: Supports the study and the planting of trees that are drought tolerant. David: Supports the issue. He had prior experience with the Tree People in his former council. You can deep water trees. **Motion passed (8-1-2)**

15. LA DWP Committee/Memorandum of Understanding Cmte Representative (Uebersax) [5 min]

- LADWP Cmte/MOU Cmte meetings: 1st Sat of each month, 8:30AM, 6501 Fountain Av., Hollywood
- LADWP Ratepayer Advocate discussion, additional meeting notes combined with item 16 below
- DWP is supposed to tell NC when they are thinking of doing something, such as raise rates. David wants to build a relationship with them and the new liaison. The presenter, Paul Hatfield, said DWP should declare no confidence in Marcy Edwards, the current GM. Disconnect between planning and water usage. David spoke to Fred Pickle and three people on staff regarding this issue. The letter we have from John agrees that water usage and availability should be studied before allowing so much development. There is a great amount of interest in this issue. There is an urban water plan about how much water availability there is, but they are using numbers that are unrealistic and outdated. There should be a moratorium on growth. We have an old infrastructure. Old water pipes are constantly bursting. It is unsustainable. There is a lot of water being dumped into the ocean and also there is water injected into the aquifers as a buffer. Expensive to pipe water uphill. We can still pipe it downhill to other cities and get a credit with metropolitan water for additional water use since we are sending water to other communities.

16. LA Neighborhood Councils Coalition (LANCC) Representative (Uebersax) [5 min]

- LANCC meetings: 1st Sat of each month, 10:00AM, 6501 Fountain Ave., Hollywood
- LA City Controller's Report on Safety and Training Trusts, CAO Office's Livability Report, and more topics.
- Presentation for mayor's sustainability plan. Ten steps to improve lives in our community. Including: active scouts, cleanliness rating index, receptacle program, funding of cleanups, funding business improvements, public engagement, enforcement and compliance, reduce blight on vacant lots, update street sweeping, vote of public works. (David can provide link to full report.)

REGULAR COMMITTEE REPORTS & MOTIONS

Discussion and board action is possible on the following Winnetka NC Committee reports.

17. Planning & Land Use Management Committee Report (Popowich/Ross-Blumer) [3 min]

- PLUM Cmte meetings: 3rd Tue of each month, 6:30PM, Winnetka Convention Center.
- PLUM Cmte Meeting Report
- Discussion and possible action regarding the following motion approved by the PLUM Committee 5-2-15. (Popowich) [5 min]
 - **WNC-PLUM-041215-01:** The PLUM committee recommends the WNC approve the project to add wireless rooftop on the building located at 20431 Saticoy Ave, Winnetka, CA as presented. (LA City Planning commission Case#:ZA-2015-835-CUW and ENV-2015-836-EAF) (Ross-Blumer) [4 min] Steven moved and Tom seconded the motion. **WNC-2015-051215-03**
 - Discussion: A motion to amend by John. Our recommendation insists they follow current law to earthquake proof the antennas. Bettie approves the motion. Steven said the motion really only says we are only deciding if they put it there, we have no say on how they have to apply to current laws. Bettie: We have enough cell phones already in our area. Verizon doesn't need another cell tower. There is a hearing June 2nd. Bettie would like shielding for the residents living directly under the antenna and Bettie votes no. Mary Ellen is against it. Bettie clarified for her there would be 12 antennas on this one tower. Kathleen asks why if service now is ok. Bettie said they said they had complaints about dropped calls. Steven said it is future planning for data usage. Carol said smart phones require more coverage. **Motion passed 6-5-0.**

- For information only: In the matter of the property located at 20460 Sherman Way, commonly referred to as the "Winnetka Pit" on the corner of Mason Ave and Sherman Way, the Committee made the following motion (7-0) to provide direction to the developer who has purchased the property.

- WNC-PLUM-042115-02:** The WNC PLUM committee cannot support the project as presented. The PLUM Committee would support a structure that is similar in height to surrounding buildings along Sherman Way with an example being three stories total along the portion of Sherman Way with a step back to two stories along the south side of the property over the parking. The Committee would also support the sidewalk seating and encourage the City to allow this. (Popowich) **(Tabled because developer has revised plans.)**

Youth and board need to look at issue regarding St. Joseph the Worker. They approached Trevor but he said there is little we can do because they are religious. We cannot give money to churches. - Discussion and possible action regarding completing and submitting the WNC 2016 Elections Procedures Stipulation Worksheet (Lace) [5 min] Eric Lewis reviewed the stipulation document as follows: Online and telephone voting can be added to 2016 election at no cost to NCs. We have always been self-affirmation, no documentation, no online voting, no telephone voting. The WinnetkaNC agrees to continue as such. We will maintain 7 at-large seats for the upcoming election. There will be a 5-10 minute training video for candidates. The Winnetka NC wants to keep the current seating protocol of immediately after voting instead of a July 1st date for seating. PROCESS FOR RECONSIDERATION

The Board may reconsider and amend its action on items listed on the agenda if that reconsideration takes place immediately following the original action or at the next regular meeting. The Board, on either of these two days, shall: (1) Make a Motion for Reconsideration and, if approved, (2) hear the matter and Take an Action.

If the motion to reconsider an action is to be scheduled at the meeting following the original action, then two items shall be placed on the agenda for that meeting: (1) A Motion for Reconsideration on the described matter and (2) a {Proposed} Action should the motion to reconsider be approved. A Board member who has previously voted on the prevailing side of the original action taken can only make a motion for reconsideration.

If a motion for reconsideration is not made on the date the action was taken, then a Board member on the prevailing side of the action must submit a memorandum to the Secretary identifying the matter to be reconsidered and a brief description of the reason(s) for requesting reconsideration at the next regular meeting. The aforesaid shall all be in compliance with the Brown Act.

PROCESS FOR FILING A GRIEVANCE

Any grievance by a Stakeholder must be submitted in writing to the Secretary of the Board of Directors. The Secretary shall then within no more than 30 days refer the matter to an ad-hoc grievance panel comprised of 3 Stakeholders who are randomly selected by the Council Secretary from a list of Stakeholders who have previously expressed an interest in serving from time to time on such a grievance panel. The Secretary will coordinate a time and a place, not to exceed 10 days, for the panel to meet with the person(s) submitting a grievance and to discuss ways in which the dispute may be resolved.

Thereafter, a panel member shall promptly prepare a written report to be forwarded by the Secretary to the Board to be heard at the next board meeting outlining the panel's collective recommendations for resolving the grievance. The Board of Directors may receive a copy of the panel's report and recommendations prior to any meeting by the Board, but the matter shall not be discussed among the Board members until the matter is heard at the next regular meeting of the Board pursuant to the Ralph M. Brown Act.

This formal grievance process is not intended to apply to Stakeholders who simply disagree with a position or action taken by the Board at one of its meetings. Those grievances can be aired at the Board meetings. This grievance process is intended to address matters involving procedural disputes, e.g., the Board's failure to comply with the Board's Rules or Bylaws, or its failure to comply with the City's Charter, the Plan, local ordinances, state law, and/or federal law.

In the event that a grievance cannot be resolved through this grievance process, the complainant has the right to appeal the matter to the Department of Neighborhood Empowerment for consideration or dispute resolution.
