I support Councilmember Bonin's motion #14-0122 which expands the function and staffing of the Planning Department's Condition Compliance Unit together with drafting an ordinance for increased field inspection and subsequent penalties for CUP violators and complaint investigation related to CUP operations.

Direct Planning Department enforcement of the special conditions granted is essential to stakeholder safety, quality of life and the financial health of our Community. Our own Foothill Blvd is a prime example of what happens when operators fail to uphold their CUP's community" commitments
