I would like to submit a comment letter to Council File 14-0163-S3. I think it is critical that this be fixed and the for the Los Angeles City Council to retain the Vision Zero High Injury Network (HIN) in the Bureau of Engineering (BOE) proposed Sidewalk Repair Program (SRP) prioritization methodology. The HIN represents the only prioritization criteria in the BOE-proposed SRP to include City interdepartmental coordination, social equity, and a tool to potentially accelerate and scale-up this program.

With regards to Council File 14-0163-S3, I think it is important for the Los Angeles City Council to retain the Vision Zero High Injury Network (HIN) in the Bureau of Engineering (BOE) proposed Sidewalk Repair Program (SRP) prioritization methodology.

The HIN represents the only prioritization criteria in the BOE-proposed SRP to include City interdepartmental coordination, social equity, and a tool to potentially accelerate and scale-up this program. Signed: Your Name, Address
