Dear Honorable City Council,

Re: Meter #49117032, 10735 le Conte Ave., Los Angeles, CA 90024, Appeal

Greetings, I received letter dated January 16, 2014 from Enrique C. Zalvidar, director of Sanitation and Lisa B. Mowery, P.E., Division Manager. Regretfully, I am fully disagreeing with the decision of the board. I would like to inform you that in 2002. I bought subject property; I understood we have big size of the landscape area over 3,000 sq. ft., sidewalk city grass for irrigation. Your good office recommended and approved for installation of 2nd water meter for sole irrigation of landscaped area and reducing the cost of water. I PAID A BIG AMOUNT OF MONEY ONLY FOR BUYING AND INSTALING 2nd METER FOR THE IRRAGATION OF LANDSCAPE AREA. As your office reviewed and inspected my property, this use of water was not tributary to the sewer and it was exempt from the SSC. SINCE DAY ONE OF USE "2002". Under these circumstances that your office inappropriately and unreasonably charged me extra amount of the money. I would like a returned difference of 10 years extra money that was charged to me unfairly. I am sending copy of this letter to my attorneys in order that if this unfair decision is not considered by City of Los Angeles council then, I will start legal action for all unfair extra charges during last 11 years plus interest and attorney's fees.

P.S. My question from authority of City of Angeles, if any subscriber have 1 penny late payment or nonpayment from 10 years ago are you going to waive it??????

Respectfully,

John f. Rastegar
